(a) On the commissioner's request, an insurer shall submit to the commissioner a summary report or a combination of reports that together contain the information described in the guidance manual. The commissioner may not make a request under this subsection more than once each year.

(b) Without regard to whether the commissioner has made a request under Subsection (a), if the insurer is a member of an insurance group, the insurer shall submit to the commissioner the reports required by Subsection (a) if the commissioner is the lead state commissioner of the insurance group.

(c) In determining the lead state commissioner for purposes of this section, the commissioner shall consider the procedures adopted by the National Association of Insurance Commissioners.

If the insurer is part of an insurance group with insurers domiciled in more than one state, the commissioner shall coordinate with the lead state commissioner and with the other domiciliary commissioners in considering whether to grant the insurer's request for a waiver.

(a) A health maintenance organization shall establish procedures to ensure that health care services are provided to enrollees under reasonable standards of quality of care that are consistent with prevailing professionally recognized standards of medical practice. The procedures must include mechanisms to ensure availability, accessibility, quality, and continuity of care.

(b) A health maintenance organization shall operate a continuing internal quality assurance program to monitor and evaluate its health care services, including primary and specialist physician services and ancillary and preventive health care services, in all institutional and noninstitutional settings.

(c) The commissioner by rule may establish minimum standards and requirements for the quality assurance programs, including standards for ensuring availability, accessibility, quality, and continuity of care.

(d) A health maintenance organization shall record formal proceedings of quality assurance program activities and maintain documentation in a confidential manner. The health maintenance organization shall make the quality assurance program minutes available to the commissioner.

care provided to enrollees.

(g) The clinical records of enrollees shall be available to the commissioner for examination and review to determine compliance. The records are confidential and privileged and are not subject to the public information law, Chapter 552, Government Code, or to subpoena, except to the extent necessary to enable the commissioner to enforce this section.

(2) make loans to a medical group, under an independent contract with the group to further its program, or corporations under its control, to acquire or construct medical facilities and hospitals, or to further a program providing health care services to enrollees.

(b) If the exercise of a power granted under Subsection (a) involves an affiliate, as described by Section 823.003, the health maintenance organization before exercising that power shall file notice and adequate supporting information with the commissioner for approval.

(c) The commissioner shall disapprove the exercise of a power described by Subsection (a) that would in the commissioner's opinion:

(1) substantially and adversely affect the financial soundness of the health maintenance organization and endanger its ability to meet its obligations; or

(2) impair the interests of the public or the health maintenance organization's enrollees or creditors in this state.

(d) If the commissioner does not disapprove the exercise of a power described by Subsection (a) before the 31st day after the date notice is filed under this section, the exercise of the power is considered approved. The commissioner may, by official order, delay action as necessary for proper consideration for not more than an additional 30 days.

(b) The commissioner must approve or disapprove the contract not later than the 30th day after the date the contract is filed or within a reasonable extended period that the commissioner specifies by notice given within the 30-day period.

(c) The commissioner shall disapprove the proposed contract if the commissioner determines that the contract:

(1) subjects the health maintenance organization to excessive charges;

(2) extends for an unreasonable time;

(3) does not contain fair and adequate standards of performance;

(4) authorizes persons to manage the health maintenance organization who are not sufficiently trustworthy, competent, experienced, and free from conflict of interest to manage the health maintenance organization with due regard for the interests of the health maintenance organization's enrollees or creditors or the

public; or

(5) contains provisions that impair the interests of the public in this state or the health maintenance organization's enrollees or creditors.

(d) The commissioner shall disapprove a proposed management contract unless the commissioner determines that the management contractor has in force in its own name a fidelity bond on its officers and employees in the amount of at least \$100,000 or another amount prescribed by the commissioner.

(e) The fidelity bond must be issued by an insurer that holds a certificate of authority in this state. If, after notice and hearing, the commissioner determines that a fidelity bond is not available from an insurer that holds a certificate of authority in this state, the management contractor may obtain a fidelity bond procured by a surplus lines agent resident in this state in compliance with Chapter 981.

(f) The fidelity bond must obligate the surety to pay any loss of money or other property that the health maintenance organization sustains because of an act of fraud or dishonesty by an employee or officer of the management contractor during the period that the management contract is in effect.

(g) Instead of a fidelity bond, the management contractor may deposit with the comptroller cash or securities acceptable to the commissioner. The deposit must be maintained in the amount and is subject to the same conditions required for a fidelity bond under this section.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.106. INSURANCE, REINSURANCE, INDEMNITY, AND REIMBURSEMENT. A health maintenance organization may contract with an insurer or group hospital service corporation authorized to engage in business in this state to provide insurance, reinsurance, indemnification, or reimbursement against the cost of health care and medical care services provided by the health maintenance organization.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.107. INDEMNITY BENEFITS; POINT-OF-SERVICE PROVISIONS. A health maintenance organization may offer:

- (1) indemnity benefits covering out-of-area emergency care;
- (2) indemnity benefits, in addition to those relating to out-of-area and emergency care, provided through an insurer or group hospital service corporation;
- (3) a point-of-service plan under Subchapter A, Chapter 1273; or
- (4) a point-of-service rider under Section 843.108.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 730 (H.B. 2636), Sec. 2E.038, eff. April 1, 2009.

Sec. 843.108. POINT-OF-SERVICE RIDER. (a) In this section, "point-of-service rider" means a rider under which indemnity benefits for the cost of health care services are provided by a health maintenance organization in conjunction with corresponding benefits arranged for or provided by a health maintenance organization.

(b) A health maintenance organization may offer a point-of-service rider for out-of-network coverage without obtaining a separate certificate of authority as an insurer if the expenses incurred under the point-of-service rider do not exceed 10 percent of the total medical and hospital expenses incurred for all health plan products sold by the health maintenance organization. If the expenses exceed that level, the health maintenance organization may not issue new point-of-service riders until the expenses fall below that level or until the health maintenance organization obtains a certificate of authority as an insurer.

(c) Indemnity benefits for services provided under a point-of-service rider may be limited to those services defined in the evidence of coverage and may be subject to different cost-sharing provisions. The cost-sharing provisions for indemnity benefits may be higher than the cost-sharing provisions for in-network health maintenance organization coverage. For enrollees in a limited provider network, higher cost-sharing may be imposed only when benefits or services are obtained outside the health maintenance organization delivery network.

(d) A health maintenance organization that issues a point-of-service rider under this section must meet additional net worth requirements prescribed by the commissioner. The commissioner shall base the net worth requirements on the actuarial relation of the amount of insurance risk assumed through the point-of-service rider to the amount of solvency and reserve requirements otherwise required of the health maintenance organization.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.109. PAYMENT BY GOVERNMENTAL OR PRIVATE ENTITY. A health maintenance organization may accept from a governmental or private entity payments for all or part of the cost of services provided or arranged for by the health maintenance organization.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.110. CORPORATION, PARTNERSHIP, OR ASSOCIATION POWERS. A health maintenance organization has all powers of a partnership, association, or corporation, including a professional association or corporation, as appropriate under the organizational documents of the health maintenance organization, that are not in conflict with this chapter or other applicable law.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.111. GROUP MODEL HEALTH MAINTENANCE ORGANIZATIONS.

(a) In this section, "group model health maintenance organization" means a health maintenance organization that provides the majority of its professional services through a single group medical practice that is formally affiliated with the medical school component of a state-supported public college or university in this state.

(b) Unless this section and a power specified in Section 843.101, 843.103, 843.104, 843.106, 843.107, 843.109, or 843.110 are specifically amended by law, a law, without regard to the time of enactment, may not be construed to prohibit or restrict a group model health maintenance organization from:

(1) selectively contracting with or declining to contract

with a provider as the group model health maintenance organization considers necessary;

(2) contracting for or declining to contract for an individual health care service or full range of health care services as the group model health maintenance organization considers necessary, if the service or services may be legally provided by the contracting provider; or

(3) requiring enrolled members of the group model health maintenance organization who wish to obtain the services covered by the group model health maintenance organization to use the providers specified by the group model health maintenance organization.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.112. DENTAL POINT-OF-SERVICE OPTION. (a) In this section:

(1) "Point-of-service option" means a plan provided through a contractual arrangement under which:

(A) indemnity benefits for the cost of dental care services, other than emergency care or emergency dental care, are provided by an insurer or group hospital service corporation in conjunction with corresponding benefits arranged or provided by a health maintenance organization; and

(B) an enrollee may choose to obtain benefits or services under the indemnity plan or the health maintenance organization plan in accordance with specific provisions of a point-of-service contract.

(2) "Provider panel" means the providers with whom a health maintenance organization contracts to provide dental services to enrollees covered under a dental benefit plan.

(b) This section applies to a dental health maintenance organization or another single service health maintenance organization that provides dental benefits. This section does not apply to a health maintenance organization that has 10,000 or fewer enrollees in this state who are enrolled in dental benefit plans based on a provider panel.

(c) If an employer, association, or other private group arrangement that employs 25 or more employees or has 25 or more members offers and contributes to the cost of dental benefit plan

coverage to employees or individuals only through a provider panel, the health maintenance organization with which the employer, association, or other private group arrangement is contracting for the coverage shall offer, or contract with another entity to offer, a dental point-of-service option to the employer, association, or other private group arrangement. The employer may offer the dental point-of-service option to the employee or individual to accept or reject.

(d) If a health maintenance organization's dental provider panel is the sole delivery system offered to employees by an employer, the health maintenance organization:

(1) shall offer the employer a dental point-of-service option;

(2) may not impose a minimum participation level on the dental point-of-service option; and

(3) as part of the group enrollment application, shall provide to each employer disclosure statements as required by rules adopted under this code for each dental plan offered.

(e) An employer may require an employee or individual who accepts the point-of-service option to be responsible for the payment of a premium, over the amount of the premium for the coverage provided to employees or members under the dental benefit plan offered through a provider panel, directly or by payroll deduction in the same manner in which the other premium is paid. The premium for the point-of-service option must be based on the actuarial value of that coverage.

(f) Different cost-sharing provisions may be imposed for the point-of-service option.

(g) An employer may charge an employee or individual who accepts the point-of-service option a reasonable administrative fee for costs associated with the employer's reasonable administration of the point-of-service option.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(b) A health maintenance organization shall make its books and records relating to its operations available for an examination and shall facilitate an examination in every way.

(c) Each physician and provider with whom the health maintenance organization has a contract, agreement, or other arrangement is required to make available for an examination only that portion of the physician's or provider's books and records that is relevant to the physician's or provider's relationship with the health maintenance organization.

(d) On request of the commissioner, a health maintenance organization shall provide to the commissioner a copy of any contract, agreement, or other arrangement between the health maintenance organization and a physician or provider. The plan shall provide for adequate protection of the confidentiality of medical information. Medical information may be disclosed only in accordance with this chapter and other applicable law and is subject to subpoena only on a showing of good cause.

(f) The commissioner may examine and use the records of a health maintenance organization, including records of a quality of care assurance program and records of a medical peer review committee, as necessary to implement the purposes of this chapter, Section 1367.053, Subchapter A, Chapter 1452, Subchapter B, Chapter 1507, Chapters 222, 251, and 258, as applicable to a health maintenance organization, and Chapters 1271 and 1272, including commencement of an enforcement action under Section 843.461 or 843.462. (h) Chapter 86, Section 401.101, and Subchapters B and D, Chapter 401, apply to a health maintenance organization, except to the extent that the commissioner determines that the nature of the examination of a health maintenance organization renders the applicability of those provisions clearly inappropriate.

(b) A health maintenance organization shall begin payment of capitated amounts to an enrollee's primary care physician or primary care provider, computed from the date of enrollment, not later than the 60th day after the date the enrollee selects or is assigned a primary care physician or primary care provider.

(c) If selection or assignment of a primary care physician or primary care provider does not occur at enrollment, capitated amounts that would have been paid to a selected or assigned primary care physician or primary care provider if a selection or assignment had been made shall be reserved as a capitated amount payable until the enrollee makes a selection or the health maintenance organization assigns a primary care physician or primary care provider.

(d) If an enrollee does not select a primary care physician or primary care provider at the time of application or enrollment, a health maintenance organization may assign the enrollee to a primary care physician or primary care provider.

(e) A primary care physician or primary care provider assigned under Subsection (d) must be located within the zip code nearest the enrollee's residence or place of employment.

(h) At any time, an enrollee is entitled to reject the primary care physician or primary care provider assigned and select another physician or provider from the list of primary care physicians or primary care providers for the health maintenance organization delivery network. A rejection by an enrollee of an assigned physician or provider is not a change in provider for purposes of the limitation described by Section 843.203.

(i) A health maintenance organization shall notify a physician or provider of an enrollee's selection of that person as the primary care physician or primary care provider, or of the assignment of the enrollee to that physician or provider by the health maintenance organization, not later than the 30th working day after the date of the selection or assignment.

(d) A provider may contract to provide, or arrange to provide through a subcontract with another provider, a health care service that the provider is not licensed to provide, other than medical care, if the contracted or subcontracted services constitute less than 15 percent of the total amount of services the provider is to provide or arrange to provide.

(e) A contract or subcontract authorized under this section may provide for compensation under:

- (1) a fee-for-service arrangement;
- (2) a risk-sharing arrangement; or
- (3) a capitation arrangement under which a fixed

predetermined payment is made in exchange for the provision of, or for the arrangement to provide and the guaranty of the provision of, a defined set of covered services to covered persons for a specified period without regard to the quantity of services actually provided.

(2) the health maintenance organization or the health maintenance organization's agent will provide the coding guidelines and fee schedules not later than the 30th day after the date the health maintenance organization receives the request;

(3) the health maintenance organization or the health maintenance organization's agent will provide notice of changes to the coding guidelines and fee schedules that will result in a change of payment to the physician or provider not later than the 90th day before the date the changes take effect and will not make retroactive revisions to the coding guidelines and fee schedules; and

(4) the contract may be terminated by the physician or provider on or before the 30th day after the date the physician or provider receives information requested under this subsection without penalty or discrimination in participation in other health care products or plans.

(e) The commissioner may not require any data element for an electronic claim that is not required in an electronic transaction set needed to comply with federal law.

(f) A health maintenance organization and a physician or provider may agree by contract to use fewer data elements than are required in an electronic transaction set needed to comply with federal law.

(g) An otherwise clean claim submitted by a physician or provider that includes additional fields, data elements, attachments, or other information not required under this section is considered to be a clean claim for the purposes of this section.

A health maintenance organization shall accept as proof of timely filing a claim filed in compliance with Subsection (e) or information from another health maintenance organization or insurer showing that the physician or provider submitted the claim to the health maintenance organization or insurer in compliance with Subsection (e).

(b) If a physician or provider fails to submit a claim in compliance with this section, the physician or provider forfeits the right to payment unless the failure to submit the claim in compliance with this section is a result of a catastrophic event that substantially interferes with the normal business operations of the physician or provider.

(c) The period for submitting a claim under this section may be extended by contract.

(d) A physician or provider may not submit a duplicate claim for payment before the 46th day after the date the original claim was

If the claim is submitted electronically, the claim is presumed to have been received on the date of the electronic verification of receipt by the health maintenance organization or the health maintenance organization's clearinghouse. If the health maintenance organization or the health maintenance organization's clearinghouse does not provide a confirmation within 24 hours of submission by the physician or provider, the physician's or provider's clearinghouse shall provide the confirmation. The physician's or provider's clearinghouse must be able to verify that the filing contained the correct payor identification of the entity to receive the filing. (a) If a health maintenance organization needs additional information from a treating participating physician or provider to determine payment, the health maintenance organization, not later than the 30th calendar day after the date the health maintenance organization receives a clean claim, shall request in writing that the physician or provider provide an attachment to the claim that is relevant and necessary for clarification of the claim.

(b) The request must describe with specificity the clinical information requested and relate only to information the health maintenance organization can demonstrate is specific to the claim or the claim's related episode of care. The participating physician or provider is not required to provide an attachment that is not contained in, or is not in the process of being incorporated into, the patient's medical or billing record maintained by a participating

physician or provider.

(c) A health maintenance organization that requests an attachment under this section shall determine whether the claim is payable on or before the later of the 15th day after the date the health maintenance organization receives the requested attachment or the latest date for determining whether the claim is payable under Section 843.338 or 843.339.

(e) If a health maintenance organization requests an attachment or other information from a person other than the participating physician or provider who submitted the claim, the health maintenance organization shall provide notice containing the name of the physician or provider from whom the health maintenance organization is requesting information to the physician or provider who submitted the claim. The health maintenance organization may not withhold payment pending receipt of an attachment or information requested under this subsection. If on receiving an attachment or information requested under this subsection the health maintenance organization determines that there was an error in payment of the claim, the health maintenance organization may recover any overpayment under Section 843.350.

(a) Except as provided by Section 843.3385, if a health maintenance organization intends to audit a claim submitted by a participating physician or provider, the health maintenance organization shall pay the charges submitted at 100 percent of the contracted rate on the claim not later than the 30th day after the date the health maintenance organization receives the clean claim from the participating physician or provider if submitted electronically or if submitted nonelectronically not later than the 45th day after the date on which the health maintenance organization receives the clean claim from a participating physician or provider. The health maintenance organization shall clearly indicate on the explanation of payment statement in the manner prescribed by the commissioner by rule that the clean claim is being paid at 100 percent of the contracted rate, subject to completion of the audit.

(b) If the health maintenance organization requests additional information to complete the audit, the request must describe with specificity the clinical information requested and relate only to information the health maintenance organization in good faith can demonstrate is specific to the claim or episode of care. The health maintenance organization may not request as a part of the audit information that is not contained in, or is not in the process of being incorporated into, the patient's medical or billing record maintained by a participating physician or provider.

(c) If the participating physician or provider does not supply information reasonably requested by the health maintenance organization in connection with the audit, the health maintenance

organization may:

(1) notify the physician or provider in writing that the physician or provider must provide the information not later than the 45th day after the date of the notice or forfeit the amount of the claim; and

(2) if the physician or provider does not provide the information required by this section, recover the amount of the claim.

(d) The health maintenance organization must complete the audit on or before the 180th day after the date the clean claim is received by the health maintenance organization, and any additional payment due a participating physician or provider or any refund due the health maintenance organization shall be made not later than the 30th day after the completion of the audit.

Sec. 843.341. CLAIMS PROCESSING PROCEDURES. (a) A health maintenance organization shall provide a participating physician or provider with copies of all applicable utilization review policies and claim processing policies or procedures.

Sec. 843.342. VIOLATION OF CERTAIN CLAIMS PAYMENT PROVISIONS; PENALTIES. (a) Except as provided by this section, if a clean claim submitted to a health maintenance organization is payable and the health maintenance organization does not determine under this subchapter that the claim is payable and pay the claim on or before the date the health maintenance organization is required to make a determination or adjudication of the claim, the health maintenance organization shall pay the physician or provider making the claim the contracted rate owed on the claim plus a penalty in the amount of the lesser of:

(1) 50 percent of the difference between the billed charges, as submitted on the claim, and the contracted rate; or

(2) \$100,000.

(b) If the claim is paid on or after the 46th day and before the 91st day after the date the health maintenance organization is required to make a determination or adjudication of the claim, the health maintenance organization shall pay a penalty in the amount of the lesser of:

(1) 100 percent of the difference between the billed charges, as submitted on the claim, and the contracted rate; or

(2) \$200,000.

(c) If the claim is paid on or after the 91st day after the date the health maintenance organization is required to make a determination or adjudication of the claim, the health maintenance organization shall pay a penalty computed under Subsection (b) plus 18 percent annual interest on that amount. Interest under this subsection accrues beginning on the date the health maintenance organization was required to pay the claim and ending on the date the claim and the penalty are paid in full.

(d) Except as provided by this section, a health maintenance organization that determines under this subchapter that a claim is payable, pays only a portion of the amount of the claim on or before the date the health maintenance organization is required to make a determination or adjudication of the claim, and pays the balance of the contracted rate owed for the claim after that date shall pay to the physician or provider, in addition to the contracted amount owed, a penalty on the amount not timely paid in the amount of the lesser of:

- (1) 50 percent of the underpaid amount; or
- (2) \$100,000.

(e) If the balance of the claim is paid on or after the 46th day and before the 91st day after the date the health maintenance organization is required to make a determination or adjudication of the claim, the health maintenance organization shall pay a penalty on the balance of the claim in the amount of the lesser of:

- (1) 100 percent of the underpaid amount; or
- (2) \$200,000.

(f) If the balance of the claim is paid on or after the 91st day after the date the health maintenance organization is required to make a determination or adjudication of the claim, the health maintenance organization shall pay a penalty on the balance of the claim computed under Subsection (e) plus 18 percent annual interest on that amount. Interest under this subsection accrues beginning on the date the health maintenance organization was required to pay the claim and ending on the date the claim and the penalty are paid in full.

(g) For the purposes of Subsections (d) and (e), the underpaid amount is calculated on the ratio of the amount underpaid on the contracted rate to the contracted rate as applied to an amount equal to the billed charges as submitted on the claim minus the contracted rate.

(h) A health maintenance organization is not liable for a penalty under this section:

(1) if the failure to pay the claim in accordance with this subchapter is a result of a catastrophic event that substantially interferes with the normal business operations of the health maintenance organization; or

(2) if the claim was paid in accordance with this subchapter, but for less than the contracted rate, and:

(A) the physician or provider notifies the health maintenance organization of the underpayment after the 270th day after the date the underpayment was received; and

(B) the health maintenance organization pays the balance of the claim on or before the 30th day after the date the health maintenance organization receives the notice.

(i) Subsection (h) does not relieve the health maintenance organization of the obligation to pay the remaining unpaid contracted rate owed the physician or provider.

(j) A health maintenance organization that pays a penalty under this section shall clearly indicate on the explanation of payment statement in the manner prescribed by the commissioner by rule the amount of the contracted rate paid and the amount paid as a penalty.

(k) In addition to any other penalty or remedy authorized by this code or another insurance law of this state, a health maintenance organization that violates Section 843.338, 843.339, or 843.340 in processing more than two percent of clean claims submitted to the health maintenance organization is subject to an administrative penalty under Chapter 84. For each day an administrative penalty is imposed under this subsection, the penalty may not exceed \$1,000 for each claim that remains unpaid in violation of Section 843.338, 843.339, or 843.340.

(l) In determining whether a health maintenance organization has processed physician and provider claims in compliance with Section 843.338, 843.339, or 843.340, the commissioner shall consider paid claims, other than claims that have been paid under Section 843.340, and shall compute a compliance percentage for physician and provider claims, other than institutional provider claims, and a compliance percentage for institutional provider claims.

(m) Notwithstanding any other provision of this section, this subsection governs the payment of a penalty under this section. For a penalty under this section relating to a clean claim submitted by a physician or provider other than an institutional provider, the health maintenance organization shall pay the entire penalty to the physician or provider, except for any interest computed under Subsection (c), which shall be paid to the Texas Health Insurance Risk Pool. For a penalty under this section relating to a clean claim submitted by an institutional provider, the health maintenance organization shall pay 50 percent of the total penalty amount computed under this section, including interest, to the institutional

provider and the remaining 50 percent of that amount to the Texas Health Insurance Risk Pool.

(n) In this section, "institutional provider" means a hospital or other medical or health-related service facility that provides care for the sick or injured or other care that may be covered in an evidence of coverage.

Sec. 843.347. VERIFICATION. (a) In this section, "verification" means a reliable representation by a health maintenance organization to a physician or provider that the health maintenance organization will pay the physician or provider for proposed health care services if the physician or provider renders those services to the patient for whom the services are proposed. The term includes precertification, certification, recertification, and any other term that would be a reliable representation by a health maintenance organization to a physician or provider and includes preauthorization only when preauthorization is a condition for the verification.

(b) On the request of a physician or provider for verification of a particular health care service the participating physician or

provider proposes to provide to a particular patient, the health maintenance organization shall inform the physician or provider without delay whether the service, if provided to that patient, will be paid by the health maintenance organization and shall specify any deductibles, copayments, or coinsurance for which the enrollee is responsible.

(c) A health maintenance organization shall have appropriate personnel reasonably available at a toll-free telephone number to provide a verification under this section between 6 a.m. and 6 p.m. central time Monday through Friday on each day that is not a legal holiday and between 9 a.m. and noon central time on Saturday, Sunday, and legal holidays. A health maintenance organization must have a telephone system capable of accepting or recording incoming phone calls for verifications after 6 p.m. central time Monday through Friday and after noon central time on Saturday, Sunday, and legal holidays and responding to each of those calls on or before the second calendar day after the date the call is received.

(d) A health maintenance organization may decline to determine eligibility for payment if the insurer notifies the physician or preferred provider who requested the verification of the specific reason the determination was not made.

(e) A health maintenance organization may establish a specific period during which the verification is valid of not less than 30 days.

(f) A health maintenance organization that declines to provide a verification shall notify the physician or provider who requested the verification of the specific reason the verification was not provided.

(g) If a health maintenance organization has provided a verification for proposed health care services, the health maintenance organization may not deny or reduce payment to the physician or provider for those health care services if provided to the enrollee on or before the 30th day after the date the verification was provided unless the physician or provider has materially misrepresented the proposed health care services or has substantially failed to perform the proposed health care services.

(h) A health maintenance organization providing routine vision services as a single health care service plan or providing dental health care services as a single health care service plan is not required to comply with Subsection (c) with respect to those

services. For purposes of this subsection, "routine vision services" means a routine annual or biennial eye examination to determine ocular health and refractive conditions that may include provision of glasses or contact lenses.

(i) A health maintenance organization described by Subsection (h) shall:

(1) have appropriate personnel reasonably available at a toll-free telephone number to provide a verification under this section between 8 a.m. and 5 p.m. central time Monday through Friday on each day that is not a legal holiday;

Sec. 843.348. PREAUTHORIZATION OF HEALTH CARE SERVICES. (a) In this section, "preauthorization" means a determination by a health maintenance organization that health care services proposed to be provided to a patient are medically necessary and appropriate.

(b) A health maintenance organization that uses a preauthorization process for health care services shall provide each participating physician or provider, not later than the 10th business day after the date a request is made, a list of health care services that do not require preauthorization and information concerning the preauthorization process.

(c) If proposed health care services require preauthorization as a condition of the health maintenance organization's payment to a participating physician or provider, the health maintenance organization shall determine whether the health care services proposed to be provided to the enrollee are medically necessary and appropriate.

(d) On receipt of a request from a participating physician or provider for preauthorization, the health maintenance organization shall review and issue a determination indicating whether the health care services are preauthorized. The determination must be issued and transmitted not later than the third calendar day after the date the request is received by the health maintenance organization.

(e) If the proposed health care services involve inpatient care and the health maintenance organization requires preauthorization as a condition of payment, the health maintenance organization shall review the request and issue a length of stay for the admission into a health care facility based on the recommendation of the patient's physician or provider and the health maintenance organization's written medically accepted screening criteria and review procedures. If the proposed health care services are to be provided to a patient who is an inpatient in a health care facility at the time the services are proposed, the health maintenance organization shall review the request and issue a determination indicating whether proposed services are preauthorized within 24 hours of the request by the physician or provider.

(f) A health maintenance organization shall have appropriate personnel reasonably available at a toll-free telephone number to respond to requests for a preauthorization between 6 a.m. and 6 p.m. central time Monday through Friday on each day that is not a legal holiday and between 9 a.m. and noon central time on Saturday, Sunday, and legal holidays. A health maintenance organization must have a telephone system capable of accepting or recording incoming phone calls for preauthorizations after 6 p.m. central time Monday through Friday and after noon central time on Saturday, Sunday, and legal holidays and responding to each of those calls not later than 24 hours after the call is received.

(g) If the health maintenance organization has preauthorized health care services, the health maintenance organization may not deny or reduce payment to the physician or provider for those services based on medical necessity or appropriateness of care unless the physician or provider has materially misrepresented the proposed health care services or has substantially failed to perform the proposed health care services.

(h) This section applies to an agent or other person with whom a health maintenance organization contracts to perform, or to whom the health maintenance organization delegates the performance of,

preauthorization of proposed health care services.

(i) A health maintenance organization providing routine vision services as a single health care service plan or providing dental health care services as a single health care service plan is not required to comply with Subsection (f) with respect to those services. For purposes of this subsection, "routine vision services" means a routine annual or biennial eye examination to determine ocular health and refractive conditions that may include provision of glasses or contact lenses.

(j) A health maintenance organization described by Subsection (i) shall:

(1) have appropriate personnel reasonably available at a toll-free telephone number to respond to requests for preauthorization under this section between 8 a.m. and 5 p.m. central time Monday through Friday on each day that is not a legal holiday;

(2) have a telephone system capable of accepting or recording incoming phone calls for preauthorizations after 5 p.m. Monday through Friday and all day on Saturday, Sunday, and legal holidays; and

Sec. 843.349. COORDINATION OF PAYMENT. (a) A health maintenance organization may require a physician or provider to retain in the physician's or provider's records updated information concerning other health benefit plan coverage and to provide the information to the health maintenance organization on the applicable form described by Section 843.336. Except as provided by this section, a health maintenance organization may not require a physician or provider to investigate coordination of other health benefit plan coverage.

(b) Coordination of other payment under this section does not extend the period for determining whether a service is eligible for

payment under Section 843.338 or 843.339 or for auditing a claim under Section 843.340.

(c) A participating physician or provider who submits a claim for particular health care services to more than one health maintenance organization or insurer shall provide written notice on the claim submitted to each health maintenance organization or insurer of the identity of each other health maintenance organization or insurer with which the same claim is being filed.

(d) On receipt of notice under Subsection (c), a health maintenance organization shall coordinate and determine the appropriate payment for each health maintenance organization or insurer to make to the physician or provider.

(e) Except as provided by Subsection (f), if a health maintenance organization is a secondary payor and pays a portion of a claim that should have been paid by the health maintenance organization or insurer that is the primary payor, the overpayment may only be recovered from the health maintenance organization or insurer that is primarily responsible for that amount.

(f) If the portion of the claim overpaid by the secondary health maintenance organization was also paid by the primary health maintenance organization or insurer, the secondary health maintenance organization may recover the amount of the overpayment under Section 843.350 from the physician or provider who received the payment. A health maintenance organization processing an electronic claim as a secondary payor shall rely on the primary payor information submitted on the claim by the physician or provider. Primary payor information may be submitted electronically by the primary payor to the secondary payor.

(g) A health maintenance organization may share information with another health maintenance organization or an insurer to the extent necessary to coordinate appropriate payment obligations on a specific claim.

Sec. 843.350. OVERPAYMENT. (a) A health maintenance organization may recover an overpayment to a physician or provider if:

(1) not later than the 180th day after the date the

physician or provider receives the payment, the health maintenance organization provides written notice of the overpayment to the physician or provider that includes the basis and specific reasons for the request for recovery of funds; and

(2) the physician or provider does not make arrangements for repayment of the requested funds on or before the 45th day after the date the physician or provider receives the notice.

(b) If a physician or provider disagrees with a request for recovery of an overpayment, the health maintenance organization shall provide the physician or provider with an opportunity to appeal, and the health maintenance organization may not recover the overpayment until all appeal rights are exhausted.

(1) is not included in the health maintenance organization delivery network; and

(2) provides to an enrollee:

(A) care related to an emergency or its attendant episode of care as required by state or federal law; or

(B) specialty or other health care services at the request of the health maintenance organization or a physician or provider who is included in the health maintenance organization delivery network because the services are not reasonably available within the network.

SUBCHAPTER K. RELATIONS BETWEEN ENROLLEE AND PHYSICIAN OR PROVIDER

Sec. 843.361. ENROLLEES HELD HARMLESS. A contract or other agreement between a health maintenance organization and a physician or provider must specify that the physician or provider will hold an enrollee harmless for payment of the cost of covered health care services if the health maintenance organization does not pay the physician or provider for those services.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.362. CONTINUITY OF CARE; OBLIGATION OF HEALTH MAINTENANCE ORGANIZATION. (a) In this section, "special circumstance" means a condition regarding which a treating physician or provider reasonably believes that discontinuing care by that physician or provider could cause harm to an enrollee who is a patient. Examples of an enrollee who has a special circumstance include an enrollee with a disability, acute condition, life-threatening illness, or who is past the 24th week of pregnancy.

(b) Each contract between a health maintenance organization and

a physician and provider must provide that termination of the contract, except for reason of medical competence or professional behavior, does not release the health maintenance organization from the obligation of continuing to reimburse a physician or provider providing medically necessary treatment at the time of termination to an enrollee who has a special circumstance in accordance with the dictates of medical prudence. Subject to Subsections (d) and (e), the health maintenance organization must provide continued reimbursement at not less than the contract rate in exchange for the enrollee's continued receipt of ongoing treatment from the physician or provider.

(c) The treating physician or provider shall identify a special circumstance. The treating physician or provider must:

(1) request that an enrollee be permitted to continue treatment under the physician's or provider's care; and

ORGANIZATIONS**

Sec. 843.401. FIDUCIARY RESPONSIBILITY. A director, officer, member, employee, or partner of a health maintenance organization who receives, collects, disburses, or invests funds in connection with the activities of the health maintenance organization is responsible for the funds in a fiduciary relationship to the enrollees.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.402. OFFICERS' AND EMPLOYEES' BOND. (a) A health maintenance organization shall maintain in force in its own name a fidelity bond on its officers and employees in an amount of at least \$100,000 or another amount prescribed by the commissioner.

(b) The fidelity bond must be issued by an insurer that holds a certificate of authority in this state. If, after notice and hearing, the commissioner determines that a fidelity bond is not available from an insurer that holds a certificate of authority in this state, the health maintenance organization may obtain a fidelity bond procured by a surplus lines agent resident in this state in compliance with Chapter 981.

(c) The fidelity bond must obligate the surety to pay any loss of money or other property the health maintenance organization sustains because of an act of fraud or dishonesty by an employee or officer of the health maintenance organization, acting alone or in concert with others, while employed or serving as an officer of the health maintenance organization.

(d) Instead of a fidelity bond, a health maintenance organization may deposit cash with the comptroller. The deposit must be maintained in the amount and is subject to the same conditions required for a fidelity bond under this section.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.403. MINIMUM NET WORTH. (a) A health maintenance organization authorized to provide basic health care services shall

maintain a minimum net worth of \$1.5 million.

(b) A health maintenance organization authorized to provide limited health care services shall maintain a minimum net worth of \$1 million.

(c) A health maintenance organization authorized to offer only a single health care service plan shall maintain a minimum net worth of \$500,000.

(d) The minimum net worth required by this section may consist only of:

- (1) money of the United States;
- (2) bonds of this state;
- (3) bonds or other evidences of indebtedness of the United States that are guaranteed as to principal and interest by the United States; or

Sec. 843.404. ADDITIONAL NET WORTH REQUIREMENTS. (a) The commissioner may adopt rules or by rule establish guidelines requiring a health maintenance organization to maintain a specified net worth based on:

(b) Rules adopted or guidelines established under this section must be designed to ensure the financial solvency of health maintenance organizations for the protection of enrollees. The rules

or guidelines may provide for a health maintenance organization to comply with a risk-based net worth requirement established under this section in stages over a two-year period.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.405. DEPOSIT WITH COMPTROLLER. (a) Unless otherwise provided by this section, a health maintenance organization shall deposit with the comptroller cash or securities, or any combination of cash, securities, and other guarantees that are acceptable to the commissioner, in the amount prescribed by this section.

(b) The amount of a health maintenance organization's initial deposit or other guarantee must be \$100,000 for a health maintenance organization offering basic health care services, \$75,000 for a health maintenance organization offering limited health care services, and \$50,000 for a health maintenance organization offering a single health care service plan.

(c) On or before March 15 of the year following the year in which the health maintenance organization receives a certificate of authority, it shall deposit with the comptroller an amount equal to the difference between the initial deposit and 100 percent of its estimated uncovered health care expenses for the first 12 months of operation.

(d) On or before March 15 of each subsequent year, a health maintenance organization shall deposit the amount of the difference between its total uncovered health care expenses, based on its annual statement from the previous year, and the total amount previously deposited and not withdrawn from the state treasury. For any subsequent year in which the amount of the difference specified by this subsection is zero or less, the commissioner may not require the health maintenance organization to make any additional deposit under this subsection.

(e) If, on application made not more than once in each calendar year by a health maintenance organization, the commissioner determines that the amount previously deposited by the health maintenance organization has exceeded the amount required to be on deposit by more than \$50,000 for a continuous 12-month period, the commissioner shall allow the health maintenance organization to withdraw the portion of the deposit that exceeds by more than \$50,000

the amount required to be on deposit, unless the commissioner determines that the release of a portion of the deposit could be hazardous to enrollees, creditors, or the public.

(f) If, on application, the commissioner determines that the amount previously deposited by a health maintenance organization continues to exceed the amount required to be on deposit, the commissioner shall allow the health maintenance organization to withdraw the portion of the deposit that exceeds the amount required to be on deposit, unless the commissioner determines that the release of that portion of the deposit could be hazardous to enrollees, creditors, or the public.

(g) On application by a health maintenance organization operating for more than one year under a certificate of authority, the commissioner may waive some or all of the requirements imposed by Subsection (b), (c), or (d) for any period if the commissioner determines that the waiver is justified because:

(1) the total amount of the deposit or other guarantee is equal to at least 25 percent of the health maintenance organization's estimated uncovered expenses for the next calendar year;

(2) the health maintenance organization's net worth is equal to at least 25 percent of its estimated uncovered expenses for the next calendar year;

(3) the health maintenance organization has a net worth of at least \$5 million; or

(4) the health maintenance organization's sponsoring organization has a net worth of at least \$5 million for each health maintenance organization whose uncovered expenses the sponsoring organization guarantees.

(h) If one or more of the requirements imposed by Subsection (b), (c), or (d) is waived, any amount previously deposited shall remain on deposit until released in whole or in part by the comptroller on order of the commissioner under Subsection (g).

(i) A health maintenance organization that has made a deposit with the comptroller may, at its option, withdraw the deposit or any part of the deposit after substituting a deposit of cash or securities of equal amount and value to the withdrawn deposit or portion of deposit. The commissioner must first approve any securities being substituted.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 843.406. HAZARDOUS FINANCIAL CONDITION. (b) In a manner consistent with the purposes of this section, the commissioner by rule may establish:

(1) uniform standards and criteria for early warning that the continued operation of a health maintenance organization could be hazardous to the health maintenance organization's enrollees or creditors or the public; and

(2) standards for evaluating the financial condition of a health maintenance organization.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(a) In addition to all other remedies available by law, if the commissioner believes that a health maintenance organization or another person is insolvent or does not maintain the net worth required under Sections 843.403, 843.4031, and 843.404, the commissioner may bring an action in a Travis County district court to be named receiver in accordance with Section 843.157 and Chapter 443.

(b) The court may:

of the health maintenance organization; and

(2) name the commissioner as the receiver of the health maintenance organization in accordance with Section 843.157 and Chapter 443.

(c) The operations and business of a health maintenance organization represent the business of insurance for purposes of Section 843.157 and Chapters 441 and 443.

The commissioner shall allocate the group contracts by order. In making allocations, the commissioner shall consider the resources of each health maintenance organization.

(b) A successor health maintenance organization to which one or more groups are allocated shall offer each group the successor health maintenance organization's coverage at rates determined in accordance with the successor health maintenance organization's existing methodology or in accordance with that methodology as adjusted by the commissioner.

(c) A successor health maintenance organization to which nongroup enrollees are allocated shall offer each nongroup enrollee the successor health maintenance organization's existing coverage for individual or conversion coverage, as determined by the nongroup enrollee's type of coverage from the insolvent health maintenance organization, at rates determined in accordance with the successor health maintenance organization's existing methodology or in accordance with that methodology as adjusted by the commissioner. A successor health maintenance organization that does not offer direct

nongroup enrollment shall provide coverage at rates that reflect the average group rate of the successor health maintenance organization.

(b) The commissioner may abate or defer an assessment in whole or in part if, in the opinion of the commissioner, payment of the

assessment would endanger the ability of a health maintenance organization to fulfill its contractual obligations. If an assessment is abated or deferred in whole or in part, the amount of the abatement or deferral may be assessed against the remaining health maintenance organizations in a manner consistent with the calculations made by the commissioner under Subsection (a).

(c) The total of all assessments on a health maintenance organization may not exceed one-fourth of one percent of the health maintenance organization's gross premiums in any one calendar year.

The commissioner may extend the period during which the commissioner makes assessments for the administrative expenses.

The standard must provide reserves that in the aggregate are equal to at least the reserve amounts computed using the 1956 Chamberlain Reserve Table with interest that does not exceed 3-1/2 percent per year. A stipulated premium company may use the 1956 Chamberlain Reserve Table.

(b) A stipulated premium company shall maintain reserves on family group life insurance policies on which a group premium is charged and under which the amount of a benefit depends on the sequence of deaths. The amount of the reserves must be equal to the reserves that would be required under Subsection (a) on individual life insurance policies on the lives of:

(1) the two oldest living members of the family group, with the amount of insurance for those two members determined assuming that the elder of the two will die first; or

(2) the living members of the family group, with the amount

of insurance for each member of the family group determined assuming that each member will die first.

(c) A stipulated premium company may select the method to be used to compute the amount of the reserves under Subsection (b).

(1) the amount of the reserves required under this chapter on the policies assumed under the agreement; and

(2) the amount of the net assets transferred to the stipulated premium company under the agreement.

(b) If the amount of the net assets transferred is not equal to the amount of the required reserve, the difference shall be designated and carried as a deficiency reserve. The deficiency reserve does not create insolvency of the stipulated premium company if the company, beginning with the first calendar year that begins after the effective date of the direct reinsurance agreement, reduces the computed deficiency amount, including interest at the assumed rate, by at least 10 percent during each year as computed on December 31 of that year. The reduction must result in the deficiency reserve being eliminated on December 31 of the year for which the 11th annual statement is filed after the company enters into the direct reinsurance agreement. The required reduction in the deficiency reserve may not exceed the cumulative aggregate amount of 10 percent a year.

(c) If in any year a stipulated premium company has not reduced its deficiency reserve as required by Subsection (b), the company's board of directors by appropriate action shall increase premium rates

by advancing the age of each insured at the date the insured's policy is issued or otherwise equitably adjust premium rates to correct that failure. The board shall take that action not later than the 30th day after the date the reserves are computed.

(d) If the board does not comply with Subsection (c), the stipulated premium company is considered to be insolvent for purposes of this chapter.

(b) To make the computations, the department:

(1) shall use the net premium basis in accordance with the reserve table and interest rate adopted by the stipulated premium company and approved by the commissioner; and

(2) may use group methods and approximate averages for fractions of a year.

(c) The reserve liability may be computed on not more than a one-year preliminary term with allowance for any deficiency reserve under Section 884.453.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

Sec. 884.455. REQUIRED SECURITIES. The commissioner shall require that a stipulated premium company have securities of the class and character required by Sections 425.203-425.228 in the amount of the reserve liability computed for the company under Section 884.454 less any deficiency reserve under Section 884.453 after all the debts and claims against the company and the minimum capital required by this chapter have been applied.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.
Amended by:

Sec. 884.456. INCREASE OF RESERVES. (a) If a stipulated premium company does not have the reserves required by this subchapter and the minimum capital required under this chapter, the company's board of directors by appropriate action shall increase premium rates on policies in force by advancing the age of each insured at the date the insured's policy is issued or otherwise equitably adjust premium rates to correct the reserve inadequacy. The board shall take that action not later than the 30th day after the date the reserves are computed.

(b) If the board of directors does not comply with Subsection (a), the stipulated premium company is treated as if the company had not corrected an impairment under Section 884.205(a).

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

SUBCHAPTER K. DIRECT REINSURANCE AGREEMENTS

(b) If a policy is non-cancellable or guaranteed renewable, the assuming company may include in the assumption certificate a premium redetermination clause instead of the clause required by Section 884.352.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(b) If the legal reserve life insurance company is the reinsurer and issues an assumption certificate providing whole life coverage for the life benefit, the policyholder is not entitled to receive the policyholder's individual reserve in cash by surrendering the assumption certificate.

(c) If the reserves and premium under the stipulated premium policy are inadequate to provide whole life coverage under the legal reserve assumption certificate and a term coverage assumption is made available, each affected policyholder must be allowed to select:

(2) an assumption certificate of another stipulated premium company engaging in the business of insurance under this chapter; or

(d) To exercise the option described by Subsection (c)(1) the policyholder must request that option not later than the 60th day after the date that the notice of the options available to the policyholder is mailed. A policyholder is entitled to exercise the option under Subsection (c)(2) or (3) not later than the 60th day after the date the assumption certificate of the legal reserve life insurance company is mailed to the policyholder.

(e) If the legal reserve life insurance company makes term coverage available, the company shall use each policyholder's individual reserve, less the amount of the deficiency, if any, as:

(1) a reserve credit to permit the legal reserve assumption certificate to be backdated to the earliest date the reserve credit allows; or

(2) an annuity to reduce the required premium during the initial period of the term coverage.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 1, eff. June 1, 2003.

(d) For purposes of computing the reserves of members of a mutual assessment company, the total net assets of the company shall be apportioned among the members assessed. The percentage of the total amount of the net assets allotted to a member is computed by dividing the amount of the required reserve for that member insured under the reinsurance agreement by the total amount of the required reserve for all members under the agreement.

(e) The reinsurance agreement must provide that each policyholder who is dissatisfied with the agreement and who does not want to accept the assumption certificate offered by the stipulated premium company is entitled to receive the amount of the reserve under the policyholder's policy reduced by the amount of any deficiency reserve applicable to the policy. The policyholder must make a written request for that option to the stipulated premium company not later than the 60th day after the date the assumption certificate is mailed.

(b) If the insurance risks written or assumed by a Lloyd's plan produce a net premium income that exceeds the limit specified by Subsection (a), the Lloyd's plan may not write or assume an additional insurance risk until the net assets have been increased to a level that brings the net premium income produced by the additional insurance risk within that limit.

(c) The limit imposed by Subsection (a) does not apply to a Lloyd's plan if:

(1) the Lloyd's plan's net assets equal at least the amount of money required of a stock insurance company engaged in the same kind of business in this state; or

(6) a term policy of decreasing amount:

(A) that does not provide guaranteed nonforfeiture or endowment benefits; and

(B) on which each adjusted premium, computed as specified by Subchapter B or D, is less than the adjusted premium computed in that manner for a term policy of uniform amount, or a renewal of a term policy of uniform amount, that:

(ii) is issued at the same age and for the same initial amount of insurance;

(iii) has a term of 20 years or less and expires before the insured reaches 71 years of age; and

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.004. REQUIRED NONFORFEITURE PROVISIONS. (a) A life insurance policy delivered or issued for delivery in this state must contain in substance the provisions prescribed by Subsections (b), (c), and (d) or corresponding provisions that:

(1) in the opinion of the department, are at least as favorable to the defaulting or surrendering policyholder; and

(2) essentially comply with Section 1105.012.

(b) A life insurance policy must provide that if there is a default in the payment of a premium the company, on proper request not later than the 60th day after the due date of the premium that is in default, will grant a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of that due date, in the amount specified by this chapter. A company may substitute for the paid-up nonforfeiture benefit required by this subsection an actuarially equivalent alternative paid-up nonforfeiture benefit that provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits. To elect an alternative paid-up nonforfeiture benefit under this subsection, the person entitled to make the election must submit a proper request not later than the 60th day after the due date of the premium that is in default.

(c) A life insurance policy must:

(1) provide that on surrender of the policy not later than the 60th day after the due date of a premium payment that is in default the company will pay, in lieu of a paid-up nonforfeiture benefit, a cash surrender value in the amount specified by this chapter if the premiums have been paid for at least:

(A) three full years for a policy of ordinary insurance; or

(B) five full years for a policy of industrial insurance;

(2) provide that a specified paid-up nonforfeiture benefit is effective as specified by the policy unless the person entitled to make the election elects another available option not later than the 60th day after the due date of a premium payment that is in default; and

(3) provide that on surrender of the policy not later than the 30th day after any policy anniversary the company will pay a cash surrender value in the amount specified by this chapter if:

(A) the policy has become paid up by completion of all

premium payments; or

(B) the policy is continued under a paid-up nonforfeiture benefit that became effective on or after:

(i) the third policy anniversary for a policy of ordinary insurance; or

(ii) the fifth policy anniversary for a policy of industrial insurance.

(d) A life insurance policy must contain:

(1) subject to Subsection (e), a statement of:

(A) the mortality table, interest rate, and method used to compute the cash surrender values and the paid-up nonforfeiture benefits available under the policy, if the policy:

(i) causes, on a basis guaranteed by the policy, unscheduled changes in benefits or premiums; or

(ii) provides an option for changes in benefits or premiums other than a change to a new policy; or

(B) the mortality table and interest rate used to compute the cash surrender values and the paid-up nonforfeiture benefits available under the policy, with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefit, if any, available under the policy on each policy anniversary during the first 20 policy years or the term of the policy, whichever is shorter, if the policy is a policy other than one described by Paragraph (A)(i) or (ii);

(2) a statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by the insurance laws of this state;

(3) an explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the company on the policy and, if a detailed statement of the method used to compute the values and benefits shown in the policy is not stated in the policy, a statement that the method of computation has been filed with the department; and

(4) a statement of the method to be used to compute the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary after the last anniversary for which those values and benefits are consecutively shown in the policy.

(e) The values and benefits described by Subsection (d)(1)(B) must be computed on the assumption that:

(1) there are no dividends or paid-up additions credited to the policy; and

(2) there is no indebtedness to the company on the policy.

(f) A provision prescribed by Subsection (b), (c), or (d) or a portion of a provision that does not apply because of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

(g) A company shall reserve the right to defer payment of any cash surrender value for a period of six months after demand for payment of the cash surrender value and surrender of the policy.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.005. COMPUTATION OF ADJUSTED PREMIUMS AND PRESENT VALUES; MORTALITY TABLES AND INTEREST RATES. (a) Except as provided by Subsection (b) or (e) or Section 1105.055, 1105.152, or 1105.153, an adjusted premium or present value determined under this chapter must be computed on the basis of:

(1) the Commissioners 1941 Standard Ordinary Mortality Table for a policy of ordinary insurance; and

(2) the Commissioners 1941 Standard Industrial Mortality Table for a policy of industrial insurance.

(b) For a category of ordinary insurance issued to insure a female risk, an adjusted premium or present value may be computed according to an age not more than three years younger than the actual age of the insured.

(c) All computations must be made using the rate of interest, not to exceed 3-1/2 percent a year, specified by the policy for computing cash surrender values and paid-up nonforfeiture benefits.

(d) In the computation of the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than 130 percent of the rates shown in the applicable mortality table.

(e) Subject to approval by the department, a company may specify a mortality table other than the applicable table required by this section for use in computing an adjusted premium or present

value for insurance issued on a substandard basis.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.006. DETERMINATION OF RATED AGE. For purposes of this chapter, the date a policy is issued is the date as of which the rated age of the insured is determined.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.007. COMPUTATION OF CASH SURRENDER VALUE FOLLOWING DEFAULT. (a) Any cash surrender value available under a policy on a default in payment of a premium due on a policy anniversary, regardless of whether required by Section 1105.004, must be an amount not less than the amount, if any, by which the present value, on the policy anniversary, of the future guaranteed benefits that would have been available under the policy, including any existing paid-up additions, had there not been a default exceeds the sum of:

- (1) the then present value of the adjusted premiums as determined under Subchapter B or D that correspond to premiums that would have become due on and after the policy anniversary; and
- (2) the amount of any indebtedness to the company on the policy.

(b) Subsection (a) does not require a cash surrender value greater than the reserve for the policy computed as provided by Subchapter B, Chapter 425.

(c) For a policy to which Subchapter B applies and that by rider or supplemental policy provision provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium, the cash surrender value computed under Subsection (a) must be an amount not less than the sum of:

- (1) the cash surrender value as computed under Subsection (a) for an otherwise similar policy issued at the same age without the rider or supplemental policy provision; and
- (2) the cash surrender value as computed under Subsection (a) for a policy that provides only the benefits provided by the rider or supplemental policy provision.

(d) For a family policy to which Subchapter B applies and that defines a primary insured and provides term insurance on the life of

the spouse of the primary insured that expires before the spouse reaches 71 years of age, the cash surrender value as computed under Subsection (a) must be an amount not less than the sum of:

- (1) the cash surrender value as computed under Subsection (a) for an otherwise similar policy issued at the same age that does not provide the term insurance on the life of the spouse; and
- (2) the cash surrender value as computed under Subsection (a) for a policy that provides only the benefits provided by the term insurance on the life of the spouse.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.
Amended by:

Acts 2007, 80th Leg., R.S., Ch. 730 (H.B. 2636), Sec. 2F.004, eff. April 1, 2009.

Sec. 1105.008. COMPUTATION OF CASH SURRENDER VALUE ON SURRENDER FOLLOWING POLICY ANNIVERSARY. Any cash surrender value available not later than the 30th day after the date of a policy anniversary under a policy paid up by completion of all premium payments or a policy continued under any paid-up nonforfeiture benefit, regardless of whether required by Section 1105.004, must be an amount not less than the present value, on the policy anniversary, of the future guaranteed benefits available under the policy, including any existing paid-up additions, less any indebtedness to the company on the policy.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.009. COMPUTATION OF PAID-UP NONFORFEITURE BENEFITS. Any paid-up nonforfeiture benefit available under the policy on default in the payment of a premium due on a policy anniversary must be such that its present value as of the policy anniversary is at least equal to:

- (1) the cash surrender value then available under the policy; or
- (2) if a cash surrender value is not available under the policy, the cash surrender value that would have been required by this chapter in the absence of the condition that premiums must have been paid for at least a specified period.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.010. PRORATION OF VALUES; NET VALUE OF PAID-UP ADDITIONS. (a) Any cash surrender value and any paid-up nonforfeiture benefit available under a policy on default in the payment of a premium due at any time other than on the policy anniversary must be computed with allowance for the lapse of time and the payment of fractional premiums after the preceding policy anniversary, except that a cash surrender value or nonforfeiture benefit is not required unless the cash surrender value or nonforfeiture benefit was required on the preceding policy anniversary.

(b) A value determined under Sections 1105.005-1105.009, Subchapter B, or Subchapter D may be computed on the assumption that any death benefit is payable at the end of the policy year of death.

(c) The net value of any paid-up additions, other than paid-up term additions, may not be less than the amounts used to provide those additions.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.011. INCLUSION OF CERTAIN ADDITIONAL BENEFITS IN COMPUTING NONFORFEITURE BENEFITS NOT REQUIRED. (a) Notwithstanding Section 1105.007 or 1105.008, additional benefits described by Subsection (b), and premiums for those benefits, may not be included in computing a cash surrender value or nonforfeiture benefits required by this chapter. Additional benefits described by Subsection (b) are not required to be included in any paid-up nonforfeiture benefits.

(b) This section applies to additional benefits payable:

- (1) in the event of death or dismemberment by accident;
- (2) in the event of total and permanent disability;
- (3) as reversionary annuity or deferred reversionary annuity benefits;
- (4) as term insurance benefits provided by a rider or supplemental policy provision to which, if issued as a separate policy, this chapter would not apply;

(B) expires before the child reaches 26 years of age;

(C) is uniform in amount after the child reaches one year of age; and

(D) has not become paid up by reason of the death of a parent of the child; or

(6) as other policy benefits additional to life insurance and endowment benefits.

Sec. 1105.012. PROGRESSION OF CASH SURRENDER VALUES. (a) This section applies only to a policy issued on or after January 1, 1985.

(b) Any cash surrender value available under a policy to which this section applies on default in the payment of a premium due on any policy anniversary must be in an amount that does not differ by more than two-tenths of one percent of the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first 10 policy years, from the sum of:

(1) the greater of:

(A) zero; or

(B) the basic cash value as determined under Subsection

(c); and

(2) the present value of any existing paid-up additions minus the amount of any indebtedness to the company under the policy.

(c) The basic cash value must be equal to the present value, on the applicable policy anniversary, of the future guaranteed benefits that would have been available under the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the company, had there not been a default, less the then present value of the nonforfeiture factors specified by Subsection (d) corresponding to premiums that would have become due on and after that anniversary. The effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described by Section 1105.007 or 1105.151, as applicable, must be the same as the effects specified by Section 1105.007 or 1105.151, as applicable, on the cash surrender values

determined under the applicable section.

(d) The nonforfeiture factor for each policy year must be an amount equal to a percentage of the adjusted premium for the policy year, as computed under Section 1105.052 or 1105.151, as applicable. That percentage must:

(1) be the same percentage for each policy year between the second policy anniversary and the later of:

(A) the fifth policy anniversary; or

(B) the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting any indebtedness, of at least two-tenths of one percent of:

(i) the amount of insurance, if the insurance is uniform in amount; or

(ii) the average amount of insurance at the beginning of each of the first 10 policy years; and

(2) be such that each percentage after the later of the policy anniversaries specified by Subdivision (1) applies to at least five consecutive policy years.

(e) Notwithstanding Subsection (d), the basic cash value may not be less than the value that would be obtained if the adjusted premiums for the policy, as computed under Section 1105.052 or 1105.151, as applicable, were substituted for the nonforfeiture factors in the computation of the basic cash value.

(f) In this section:

(1) an adjusted premium or present value for a particular policy must be computed on the same mortality and interest bases as those used to demonstrate that the policy complies with the other sections of this chapter; and

(2) the cash surrender values must include any endowment benefits available under the policy.

(g) The amount of any cash surrender value available other than on default in payment of a premium due on a policy anniversary, and the amount of any paid-up nonforfeiture benefits available under the policy on default in the payment of a premium, must be determined in a manner consistent with the manner specified by Section 1105.004, 1105.007, 1105.008, 1105.009, 1105.010, 1105.011, or Subchapter B to determine the analogous minimum amount. The amounts of any cash surrender value or paid-up nonforfeiture benefits granted in connection with additional benefits, such as those listed in Section

1105.011(b), must comply with the principles of this section.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

**SUBCHAPTER B. COMPUTATION OF ADJUSTED PREMIUMS USING NONFORFEITURE
NET LEVEL PREMIUM METHOD**

Sec. 1105.051. APPLICABILITY OF SUBCHAPTER. (a) This subchapter applies to a policy issued on or after January 1, 1989.

(b) This subchapter also applies to a policy issued by a company after the date specified in a written notice:

(1) that was filed with the State Board of Insurance after August 31, 1981, but before January 1, 1989; and

(2) under which the company filing the notice elected to comply before January 1, 1989, with the law codified by this subchapter.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.052. COMPUTATION OF ADJUSTED PREMIUMS USING NONFORFEITURE NET LEVEL PREMIUM METHOD. (a) Except as provided by Section 1105.054 and subject to Subsection (b), the adjusted premiums for a policy to which this section applies must be computed on an annual basis and must be a uniform percentage of the respective premiums specified by the policy for each policy year so that the present value, at the date of issue of the policy, of all adjusted premiums is equal to the sum of:

(1) the then present value of the future guaranteed benefits available under the policy;

(2) one percent of:

(A) the amount of insurance, if the insurance is uniform in amount; or

(B) the average amount of insurance at the beginning of each of the first 10 policy years; and

(3) 125 percent of the nonforfeiture net level premium as determined under Subsection (d).

(b) The amount of premiums specified by the policy and used in computing adjusted premiums under Subsection (a) does not include:

(1) an amount payable as an extra premium to cover an impairment or special hazard; or

(2) any uniform annual contract charge or policy fee specified by the policy in a statement of the method to be used to compute the cash surrender values and paid-up nonforfeiture benefits.

(c) In applying the percentage specified by Subsection (a)(3), a nonforfeiture net level premium may not be considered to exceed four percent of:

(1) the amount of insurance, if the insurance is uniform in amount; or

(2) the average amount of insurance at the beginning of each of the first 10 policy years.

(d) The nonforfeiture net level premium must be equal to the present value, at the date of issue of the policy, of the guaranteed benefits available under the policy divided by the present value, on the date of issue of the policy, of an annuity of one per year payable on the date of issue of the policy and on each anniversary of the policy on which a premium becomes due.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.053. COMPUTATION OF AMOUNTS FOR POLICY WITH CHANGING BENEFITS OR PREMIUMS. (a) This section applies only to a policy that:

(1) causes, on a basis guaranteed by the policy, unscheduled changes in benefits or premiums; or

(2) provides an option for changes in benefits or premiums other than a change to a new policy.

(b) The adjusted premiums and present values as to a policy to which this section applies must initially be computed on the assumption that future benefits and premiums will not change from those specified on the date the policy is issued. At the time of a change in the benefits or premiums, the future adjusted premiums, nonforfeiture net level premiums, and present values must be recomputed on the assumption that future benefits and premiums will not change from those specified by the policy immediately after the change.

(c) Except as provided by Section 1105.054, the recomputed future adjusted premiums as to a policy to which this section applies must be a uniform percentage of the respective future premiums specified by the policy for each policy year, so that the present

value, at the time of change to the newly defined benefits or premiums, of all future adjusted premiums is equal to the amount by which the sum of the then present value of the then future guaranteed benefits available under the policy and the additional expense allowance, as computed under Subsection (e), if any, exceeds the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(d) The amount of future premiums specified by the policy and used in computing adjusted premiums under Subsection (c) does not include:

(1) an amount payable as an extra premium to cover an impairment or special hazard; or

(2) any uniform annual contract charge or policy fee specified by the policy in a statement of the method to be used to compute the cash surrender values and paid-up nonforfeiture benefits.

(e) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, is the sum of:

(1) one percent of the amount, if any, by which the average amount of insurance at the beginning of each of the first 10 policy years after the change exceeds the average amount of insurance before the change at the beginning of each of the first 10 policy years after the time of the most recent previous change or, if there has not been a previous change, the date the policy is issued; and

(2) 125 percent of any increase in the nonforfeiture net level premium.

(f) The recomputed nonforfeiture net level premium must be equal to the quotient of:

(1) the sum of:

(A) the nonforfeiture net level premium applicable before the change multiplied by the present value of an annuity of one per year payable on each anniversary of the policy on or after the date of the change on which a premium would have become due had the change not occurred; and

(B) the present value of the increase in future guaranteed benefits available under the policy; divided by

(2) the present value of an annuity of one per year payable on each anniversary of the policy, on or after the date of the change, on which a premium becomes due.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.054. COMPUTATION OF AMOUNTS FOR POLICY ISSUED ON SUBSTANDARD BASIS. (a) This section applies only to a policy issued on a substandard basis that provides reduced graded amounts of insurance so that, in each policy year, the policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis that provides higher uniform amounts of insurance. This section applies notwithstanding any provision of this subchapter to the contrary.

(b) Adjusted premiums and present values as to a policy to which this section applies may be computed as if the policy were issued to provide the higher uniform amounts of insurance of an otherwise similar policy issued on the standard basis.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.055. USE OF MORTALITY TABLES AND INTEREST RATES WITH NONFORFEITURE NET LEVEL PREMIUM METHOD. (a) Subject to Subsections (c)-(i), an adjusted premium or present value computed under this subchapter must be computed:

(1) for a policy of ordinary insurance:

(A) on the basis of the Commissioners 1980 Standard Ordinary Mortality Table; or

(B) at the option of the company for any one or more specified plans of life insurance, on the basis of the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors; and

(2) for a policy of industrial insurance, on the basis of the Commissioners 1961 Standard Industrial Mortality Table.

(b) Subject to Subsections (c)-(i), computations on each policy issued in a particular calendar year must be made using a rate of interest not to exceed the nonforfeiture interest rate as defined by Section 1105.056 for a policy issued in that calendar year.

(c) At the option of the company, computations for each policy issued in a particular calendar year may be made using a rate of interest not to exceed the nonforfeiture interest rate, as defined by Section 1105.056, for a policy issued in the preceding calendar year.

(d) Under any paid-up nonforfeiture benefit, including any

paid-up dividend additions, any cash surrender value available, regardless of whether required by Section 1105.004, must be computed on the basis of the mortality table and rate of interest used to determine the amount of the paid-up nonforfeiture benefit and any paid-up dividend additions.

(e) A company may compute the amount of any guaranteed paid-up nonforfeiture benefit, including any paid-up additions under the policy, on the basis of an interest rate not less than the rate specified by the policy for computing cash surrender values.

(f) In the computation of the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than the rates shown in:

(1) the Commissioners 1980 Extended Term Insurance Table, for a policy of ordinary insurance; or

(2) the Commissioners 1961 Industrial Extended Term Insurance Table, for a policy of industrial insurance.

(g) For a policy issued on a substandard basis, the computation of any adjusted premium or present value may be based on appropriate modifications to a table described by Subsection (f).

(h) For a policy issued before the operative date of the valuation manual, any ordinary mortality table adopted after 1980 by the National Association of Insurance Commissioners that is approved by rules adopted by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for:

(1) the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors; or

(2) the Commissioners 1980 Extended Term Insurance Table.

(i) For a policy issued before the operative date of the valuation manual, any industrial mortality table adopted after 1980 by the National Association of Insurance Commissioners that is approved by rules adopted by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for:

(1) the Commissioners 1961 Standard Industrial Mortality Table; or

(2) the Commissioners 1961 Industrial Extended Term Insurance Table.

(j) Except as provided by Subsection (k), for a policy described by Subsection (h) issued on or after the operative date of the valuation manual, the valuation manual must provide the

commissioners standard ordinary mortality table for use in determining the minimum nonforfeiture standard that may be substituted for:

(1) the Commissioners 1980 Standard Ordinary Mortality Table with or without Ten-Year Select Mortality Factors; or

(2) the Commissioners 1980 Extended Term Insurance Table.

(k) If the commissioner by rule adopts a commissioners standard ordinary mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, the minimum nonforfeiture standard determined in accordance with that table supersedes the standard provided by the valuation manual.

(l) Except as provided by Subsection (m), for a policy described by Subsection (i) issued on or after the operative date of the valuation manual, the valuation manual must include the commissioners standard industrial mortality table for use in determining the minimum nonforfeiture standard that may be substituted for:

(1) the 1961 Standard Industrial Mortality Table; or

(2) the Commissioners 1961 Industrial Extended Term Insurance Table.

(m) If the commissioner by rule adopts a commissioners standard industrial mortality table adopted by the National Association of Insurance Commissioners for use in determining the minimum nonforfeiture standard for policies issued on or after the operative date of the valuation manual, the minimum nonforfeiture standard determined in accordance with that table supersedes the standard provided by the valuation manual.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by:

Acts 2015, 84th Leg., R.S., Ch. 313 (S.B. [1654](#)), Sec. 17, eff. September 1, 2015.

Sec. 1105.056. NONFORFEITURE INTEREST RATE. (a) For a policy issued before the operative date of the valuation manual, the annual nonforfeiture interest rate for a policy issued in a particular calendar year is equal to 125 percent of the calendar year statutory

valuation interest rate for that policy as defined by Subchapter B, Chapter 425, rounded to the nearest one-fourth of one percent, except that the rate may not be less than four percent.

(b) For a policy issued on or after the operative date of the valuation manual, the annual nonforfeiture interest rate for any policy issued in a particular calendar year is provided by the valuation manual.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by:

Acts 2007, 80th Leg., R.S., Ch. 730 (H.B. 2636), Sec. 2F.005, eff. April 1, 2009.

Acts 2015, 84th Leg., R.S., Ch. 313 (S.B. 1654), Sec. 18, eff. September 1, 2015.

Sec. 1105.057. REFILEING OF POLICY PROVISIONS NOT REQUIRED. Notwithstanding any provision of this code to the contrary, as to a policy to which this subchapter applies, a refiling of nonforfeiture values or of the method of computing nonforfeiture values for a previously approved policy form that involves only a change in the interest rate or mortality table used to compute nonforfeiture values does not require refiling of any provision of the policy form.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

SUBCHAPTER C. NONFORFEITURE BENEFITS FOR CERTAIN PLANS

Sec. 1105.101. NONFORFEITURE BENEFITS FOR INDETERMINATE PREMIUM PLANS AND CERTAIN OTHER PLANS. (a) This section applies to a plan of life insurance that:

(1) provides for future premium determination, the amounts of which are to be determined by the insurance company based on then estimates of future experience; or

(2) is such that minimum values cannot be determined by a method described by Sections 1105.004-1105.009, Subchapter B, or Subchapter D.

(b) The department must be satisfied that:

(1) the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by Sections 1105.004-1105.009, Subchapter B, or

Subchapter D; and

(2) the benefits and the pattern of premiums of the plan are not such as to mislead prospective policyholders or insured persons.

(c) The cash surrender values and paid-up nonforfeiture benefits provided by the plan may not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of this subchapter as determined under rules adopted by the commissioner.

(d) Notwithstanding any other law of this state, any policy, contract, or certificate providing life insurance under the plan must be approved by the department before the plan may be marketed, issued, delivered, or used in this state.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

SUBCHAPTER D. COMPUTATION OF ADJUSTED PREMIUMS FOR CERTAIN POLICIES

Sec. 1105.151. COMPUTATION OF ADJUSTED PREMIUMS FOR CERTAIN POLICIES ISSUED BEFORE JANUARY 1, 1989. (a) This section applies only to a policy issued before January 1, 1989, to which Subchapter B does not apply.

(b) The adjusted premiums for a policy to which this section applies must be computed on an annual basis or, at the option of the company, on a fully continuous basis if that basis is consistent with actual policy provisions and the use of that basis is specified by the policy.

(c) Except as provided by Subsection (f), the adjusted premiums must be a uniform percentage of the respective premiums specified by the policy for each policy year, excluding amounts stated in the policy as extra premiums to cover impairments or special hazards, so that the present value, as of the date the policy is issued, of all the adjusted premiums is equal to the sum of:

(1) the then present value of the future guaranteed benefits available under the policy;

(2) two percent of:

(A) the amount of insurance, if the insurance is uniform in amount; or

(B) the equivalent uniform amount of insurance, as determined under this section, if the amount of insurance varies with

the duration of the policy;

(3) 40 percent of the adjusted premium for the first policy year; and

(4) 25 percent of the lesser of:

(A) the adjusted premium for the first policy year; or

(B) the adjusted premium for a whole life policy of the same or an equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance.

(d) In applying the percentages specified by Subsections (c)(3) and (4), an adjusted premium may not be considered to exceed four percent of the amount of insurance or equivalent uniform amount.

(e) For purposes of this section, for a policy that provides an amount of insurance that varies with the duration of the policy:

(1) except as provided by Subdivision (2), the equivalent uniform amount of insurance is considered to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; and

(2) if the policy is issued on the life of a child younger than 10 years of age, the equivalent uniform amount of insurance may be computed as though the amount of insurance provided by the policy before the insured reaches 10 years of age were the amount provided by the policy at age 10.

(f) The adjusted premiums for a policy that provides term insurance benefits by rider or a supplemental policy provision must be equal to the adjusted premiums for an otherwise similar policy issued at the same age without the term insurance benefits, increased, during the period for which premiums for the term insurance benefits are payable, by the adjusted premiums for the term insurance. The adjusted premiums specified by this subsection must be computed separately in the manner specified by Subsections (b)-(e).

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.152. COMPUTATION OF ADJUSTED PREMIUMS FOR CERTAIN

ORDINARY POLICIES ISSUED BEFORE JANUARY 1, 1989. (a) Except as provided by Subsection (b), this section applies only to an ordinary policy to which Subchapter B does not apply and that is issued on or after January 1, 1974 and before January 1, 1989.

(b) This section also applies to an ordinary policy issued by a company after a date specified in a written notice:

(1) that was filed by the company with the State Board of Insurance after August 23, 1963, but before January 1, 1974; and

(2) under which the company filing the notice elected to comply before January 1, 1974, with the law codified by this section.

(c) An adjusted premium or present value determined under this chapter as to a policy to which this section applies must be computed on the basis of the Commissioners 1958 Standard Ordinary Mortality Table.

(d) A computation as to a policy to which this section applies must be made using the rate of interest specified by the policy for computing cash surrender values and paid-up nonforfeiture benefits, except that the rate of interest may not exceed:

(1) 3-1/2 percent a year for a policy issued before June 14, 1973;

(2) 4 percent a year for a policy issued on or after June 14, 1973, and before August 29, 1977;

(3) 5-1/2 percent a year for a policy issued on or after August 29, 1977, other than a single premium whole life or endowment insurance policy; or

(4) 6-1/2 percent a year for a single premium whole life or endowment insurance policy issued on or after August 29, 1977.

(e) For a category of ordinary insurance issued to insure a female risk:

(1) an adjusted premium or present value for a policy issued before August 29, 1977, may be computed according to an age not more than three years younger than the actual age of the insured; and

(2) an adjusted premium or present value for a policy issued on or after August 29, 1977, may be computed according to an age not more than six years younger than the actual age of the insured.

(f) In the computation of the present value of paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may not exceed

the rates shown in the Commissioners 1958 Extended Term Insurance Table.

(g) Subject to approval by the department, a company may specify a mortality table other than the table required by this section for use in computing an adjusted premium or present value for insurance issued on a substandard basis.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1105.153. COMPUTATION OF ADJUSTED PREMIUMS FOR CERTAIN INDUSTRIAL POLICIES ISSUED BEFORE JANUARY 1, 1989. (a) Except as provided by Subsection (b), this section applies only to an industrial policy to which Subchapter B does not apply and that is issued on or after January 1, 1974, and before January 1, 1989.

(b) This section also applies to an industrial policy issued by a company after a date specified in a written notice:

(1) that was filed by the company with the State Board of Insurance after August 23, 1963, but before January 1, 1974; and

(2) under which the company filing the notice elected to comply before January 1, 1974, with the law codified by this section.

(c) An adjusted premium or present value determined under this chapter as to a policy to which this section applies must be computed on the basis of the Commissioners 1961 Standard Industrial Mortality Table.

(d) A computation as to a policy to which this section applies must be made using the rate of interest specified by the policy for computing cash surrender values and paid-up nonforfeiture benefits, except that the rate of interest may not exceed:

(1) 3-1/2 percent a year for a policy issued before June 14, 1973;

(2) 4 percent a year for a policy issued on or after June 14, 1973, and before August 29, 1977;

(3) 5-1/2 percent a year for a policy issued on or after August 29, 1977, other than a single premium whole life or endowment insurance policy; or

(4) 6-1/2 percent a year for a single premium whole life or endowment insurance policy issued on or after August 29, 1977.

(e) In the computation of the present value of paid-up term insurance with accompanying pure endowment, if any, offered as a

nonforfeiture benefit, the rates of mortality assumed may not exceed the rates shown in the Commissioners 1961 Industrial Extended Term Insurance Table.

(f) Subject to approval by the department, a company may specify a mortality table other than the table required by this section for use in computing an adjusted premium or present value for insurance issued on a substandard basis.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

CHAPTER 1106. REINSTATEMENT OF CERTAIN LIFE INSURANCE POLICIES

Sec. 1106.001. APPLICABILITY OF CHAPTER. (a) This chapter applies to each individual life insurance policy issued to a resident of this state by an insurer authorized to engage in the business of insurance in this state, including a stipulated premium company and a fraternal benefit society, that is subject to lapse on or after September 1, 1995.

(b) This chapter does not apply to a life insurance policy that provides nonforfeiture benefits in accordance with the requirements of this code.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.002. REINSTATEMENT REQUIRED; EXCEPTION. (a) On the lapse of an individual life insurance policy following the unintentional default in the payment of premiums caused by the mental incapacity of the insured, a person is entitled to have the policy reinstated under this chapter if:

(1) the policy had been in effect continuously for at least five years immediately preceding the lapse; and

(2) there was not a default in the payment of premiums on the policy during the period described by Subdivision (1).

(b) The insurer is not required to reinstate a policy or pay benefits under this chapter if the insured first became mentally incapacitated after the expiration of an applicable grace period contained in the policy.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.003. MENTAL INCAPACITY DEFINED. In this chapter, "mental incapacity" means a lack of the ability to:

- (1) understand and appreciate the nature and consequences of a decision regarding the failure to pay a premium when due; and
- (2) reach an informed decision in the matter.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.004. DIAGNOSIS OF MENTAL INCAPACITY REQUIRED. For purposes of this chapter, mental incapacity must be:

- (1) established by the clinical diagnosis of a physician licensed in this state who is qualified to make the diagnosis; and
- (2) based on reasonable medical judgment.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.005. REQUEST FOR REINSTATEMENT; LIMITATION. (a) A request for reinstatement of a policy under this chapter and proof of mental incapacity may be filed with the insurer by:

- (1) the insured;
- (2) the insured's legal guardian or other legal representative; or
- (3) the legal representative of the insured's estate.

(b) The request and the proof of mental incapacity must be filed not later than the first anniversary of the date the policy lapses.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.006. REINSTATEMENT. (a) After the requirements of Section 1106.005 have been satisfied, the insurer shall reinstate the policy.

(b) The policy must be reinstated within one year from the date of lapse on payment of:

- (1) the premiums owed from the date of initial lapse to the date of reinstatement; and
- (2) interest on the premiums at a rate not to exceed six percent a year for the period.

(c) The insurer may not require evidence of insurability as a condition of reinstatement.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.007. EFFECT OF REINSTATEMENT. On reinstatement of the policy, the original contractual provisions apply as if the coverage had been continuous.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.008. REDUCTION IN BENEFITS. If there is an uncontroverted claim for benefits in an amount that exceeds the amount of premiums and interest owed and unpaid under a policy that is eligible for reinstatement under this chapter, the insurer shall pay the amount of benefits owed reduced by the amount of premiums and interest owed and unpaid on the date the benefits are paid.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Sec. 1106.009. DISCLOSURE. (a) Each insurer shall disclose fully to each policyholder or insured the requirements of this chapter.

(b) As to a policy to which this chapter applies that was issued on or after September 1, 1995, an insurer may make the disclosure required by Subsection (a):

(1) not later than the 90th day after the date the policy lapses; or

(2) by including the disclosure information in the policy or in an endorsement attached to the policy.

Sec. 1107.003. REQUIRED NONFORFEITURE PROVISIONS. (a) An annuity contract delivered or issued for delivery in this state must contain in substance the provisions prescribed by this section or corresponding provisions that, in the opinion of the department, are at least as favorable to the contract holder when payment of considerations under the contract ceases.

(b) The annuity contract must provide that when payment of considerations under a contract ceases, the company will grant a paid-up annuity benefit on a plan stipulated in the contract that has a value that complies with this chapter.

(c) An annuity contract that provides for a lump-sum settlement at maturity or at any other time must provide that on surrender of the contract on or before the time annuity payments begin, the company that issues the contract shall pay a cash surrender benefit in an amount that complies with this chapter in lieu of a paid-up annuity benefit. A company may reserve the right to defer payment of any cash surrender benefit for a period not to exceed six months

after demand for payment of the benefit is made with surrender of the contract.

(d) An annuity contract must contain:

(1) a statement of the mortality table, if any, and interest rates to be used to compute any minimum paid-up annuity, cash surrender, or death benefits that are guaranteed under the contract, together with information that is sufficient to determine the amounts of the benefits;

(3) an explanation of the manner in which a paid-up annuity, cash surrender, or death benefit is altered by the existence of any additional amounts credited to the contract by the company that issues the contract, any indebtedness to the company on the contract, or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of Section 1107.003, an annuity contract may provide that the company has the option to terminate the contract by making a cash payment of the then present value of that portion of the paid-up annuity benefit if:

(1) no considerations are received under the contract for two years; and

(2) at maturity, payments on the portion of the paid-up annuity benefit on the plan stipulated in the contract attributable to considerations paid before that period would be less than \$20 each month.

(b) If an annuity contract contains a provision permitted under Subsection (a):

(1) the present value of a portion of a paid-up annuity benefit paid under that provision must be computed on the basis of the mortality table, if any, and interest rates specified in the contract for determining the paid-up annuity benefit; and

(2) a payment made under that provision relieves the

company of any further obligation under the contract.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.005. CONTACT DISCLOSURE THAT CERTAIN BENEFITS NOT PROVIDED. An annuity contract that does not provide a cash surrender benefit or that does not provide a death benefit that is at least equal to the minimum nonforfeiture amount for the contract under Subchapter B before annuity payments begin must include a statement in a prominent place in the contract that those benefits are not provided.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

(1) the next anniversary of the annuity contract that follows the annuitant's 70th birthday; or

(2) the 10th anniversary of the contract.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

SUBCHAPTER B. COMPUTATION OF MINIMUM NONFORFEITURE AMOUNT

Sec. 1107.051. MINIMUM NONFORFEITURE AMOUNT. The minimum value under Subchapter C of a paid-up annuity, cash surrender, or death benefit shall be computed on the basis of the minimum nonforfeiture amount prescribed by this subchapter.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.052. CONTRACT WITH FLEXIBLE CONSIDERATIONS. (a) This section applies only to an annuity contract that provides for the payment of flexible considerations.

(b) The minimum nonforfeiture amount on or before annuity payments begin is an amount equal to the accumulation of the prescribed percentages of the amount of net considerations paid to the date of computation, which are accumulated at an interest rate of three percent per year, plus any additional amount credited to the contract by the company, less the amount of:

(1) any withdrawal from or partial surrender of the contract made before the minimum nonforfeiture amount is computed, accumulated at an interest rate of three percent per year; and

(2) any indebtedness to the company on the contract, including any accrued interest due on the indebtedness.

(c) For the purposes of this section, the amount of net consideration for a contract year may not be less than \$0 and is computed by subtracting from the amount of gross considerations credited to the contract during that contract year:

(1) an annual contract charge of \$30; and

(2) a collection charge of \$1.25 for each consideration credited to the contract during that year.

(d) Except as provided by Subsection (e), the percentage of the amount of net consideration to be used in computing a minimum nonforfeiture amount under Subsection (b) is:

(1) 65 percent for the first contract year; and

(2) 87.5 percent for each subsequent contract year.

(e) For a renewal contract year, the percentage of the amount of net consideration to be used to compute a minimum nonforfeiture amount under Subsection (b) is 65 percent of the portion of the total amount of net consideration that exceeds by not more than two times the sum of those portions of the amount of net consideration in all preceding contract years for which the percentage was 65 percent.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.053. CONTRACT WITH FIXED, SCHEDULED CONSIDERATIONS.

(a) For an annuity contract that provides for the payment of fixed, scheduled considerations, the minimum nonforfeiture amount is computed in the same manner as the minimum nonforfeiture amount for an annuity contract with flexible considerations that are paid annually, except that:

(1) the amount of net consideration for a contract year is computed using an annual contract charge equal to the lesser of:

(A) \$30; or

(B) 10 percent of the amount of the gross annual considerations paid on the contract; and

(2) the percentage of the net consideration amount for the first contract year to be used to compute the minimum nonforfeiture amount is 65 percent of the amount of net consideration for the first contract year plus 22.5 percent of the amount by which the amount of net consideration for the first contract year exceeds the lesser of:

(A) the amount of net consideration for the second contract year; or

(B) the amount of net consideration for the third contract year.

(b) The computation made under Subsection (a) must assume that the considerations are paid annually in advance.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.054. CONTRACT WITH SINGLE CONSIDERATION. For an annuity contract that provides for the payment of a single consideration, the minimum nonforfeiture amount is computed in the same manner as the minimum nonforfeiture amount for a contract with flexible considerations, except that:

(1) the net consideration amount to be used to compute the minimum nonforfeiture amount is the amount of the gross considerations paid under the contract less a contract charge of \$75; and

(2) the percentage of the net consideration amount to be used to compute the minimum nonforfeiture amount is 90 percent.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.055. INTEREST RATE. The interest rate used in determining minimum nonforfeiture amounts shall be an annual rate of interest determined as the lesser of three percent per annum and the following, which must be specified in the contract if the interest rate will be redetermined:

(1) the five-year Constant Maturity Treasury Rate reported by the Federal Reserve as of a date, or average over a period, rounded to the nearest 1/20th of one percent, specified in the contract no longer than 15 months prior to the contract issue date or redetermination date under Subdivision (4);

(2) reduced by 125 basis points;

(3) where the resulting interest rate is not less than one percent; and

(4) the interest rate shall apply for an initial period and may be redetermined for additional periods. The redetermination date, basis, and period, if any, shall be stated in the contract. As used in this section, basis is the date, or average over a specified period, which produces the five-year Constant Maturity Treasury Rate to be used at each redetermination date.

Added by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.056. ADDITIONAL INTEREST RATE ADJUSTMENTS. The commissioner may adopt rules to provide for further adjustments to Section 1107.055 for annuity contracts that provide substantive participation in an equity index benefit or other benefits as appropriate.

Added by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.057. MINIMUM NONFORFEITURE AMOUNT. (a) The minimum values as specified in Sections 1107.006 and 1107.101-1107.105 of any paid-up annuity, cash surrender, or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(b) The minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments shall be equal to an accumulation up to such time at rates of interest as indicated in this subchapter of the net considerations as defined by Subsection

(c) paid prior to such time, decreased by the sum of Subdivisions (1) through (4):

(1) any withdrawal from or partial surrender of the contract made before the minimum nonforfeiture amount is computed, accumulated at an interest rate as indicated in this subchapter;

(2) an annual contract charge of \$50, accumulated at rates of interest as indicated in this subchapter;

(3) premium tax paid, if any, by the company, and not subsequently credited back to the company, for the contract, accumulated at rates of interest as indicated in this subchapter; and

(4) any indebtedness to the company on the contract, including any accrued interest due on the indebtedness.

(c) For the purposes of this section, the amount of net consideration for a contract year shall be an amount equal to 87.5 percent of the gross considerations credited to the contract during that contract year.

Added by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

SUBCHAPTER C. VALUE OF NONFORFEITURE BENEFITS

Sec. 1107.101. PRESENT VALUE OF NONFORFEITURE BENEFITS. (a) The present value of any paid-up annuity benefit available under an annuity contract on the date annuity payments are to begin may not be less than the minimum nonforfeiture amount for that contract on that date as computed under Subchapter B.

(b) The present value of the paid-up annuity benefit shall be computed using the mortality table, if any, and the interest rates specified in the contract for computing the minimum paid-up annuity benefit guaranteed by the contract.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.
Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.102. COMPUTATION OF PAID-UP ANNUITY BENEFIT UNDER CERTAIN CONTRACTS. (a) This section applies only to an annuity contract that does not provide a cash surrender benefit.

(b) Subject to Subsection (e), the present value of a paid-up annuity benefit available as a nonforfeiture option before the

maturity date may not be less than the present value of the portion of the maturity value of the paid-up annuity benefit provided under the contract that arises from considerations paid on the contract before the date the contract is surrendered in exchange for or is changed to a deferred paid-up annuity.

(c) The present value of a paid-up annuity benefit under Subsection (b) shall be:

(1) computed for the period before the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations paid on the contract to determine the maturity value; and

(2) increased by any additional amount credited by the company to the contract.

(d) Subject to Subsection (e), for an annuity contract that does not provide a death benefit before annuity payments begin, the present value of a paid-up annuity benefit available as a nonforfeiture option shall be computed using the interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit.

(e) The present value of a paid-up annuity benefit may not be less than the minimum nonforfeiture amount on the date of surrender or change.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.103. COMPUTATION OF CASH SURRENDER BENEFIT. (a) Subject to Subsection (c), the value of a cash surrender benefit available under an annuity contract before the maturity date may not be less than the present value on the date the contract is surrendered of the portion of the maturity value of the paid-up annuity benefit that arises from considerations paid under the contract before that date and that would be provided under the contract at maturity less an amount reflecting any withdrawals from or partial surrenders of the contract before that date and the amount of any indebtedness to the company on the contract, including accrued interest due on the indebtedness, plus any additional amount credited by the company to the contract.

(b) The present value used to compute the minimum cash

surrender benefit under Subsection (a) shall be computed using an interest rate that is not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations paid on the contract to determine the maturity value.

(c) The value of a cash surrender benefit may not be less than the minimum nonforfeiture amount on the date the contract is surrendered.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.105. COMPUTATION OF BENEFITS AVAILABLE AT THE TIME OTHER THAN CONTRACT ANNIVERSARY. For an annuity contract that requires payment of fixed, scheduled considerations, the value of a paid-up annuity, cash surrender, or death benefit that is available under the contract on a date other than an anniversary of the contract date shall be computed to allow for the lapse of time and any scheduled considerations paid after the beginning of the contract year in which payment of considerations under the contract ceased.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

Amended by Acts 2003, 78th Leg., ch. 869, Sec. 1, eff. June 20, 2003.

Sec. 1107.106. MINIMUM NONFORFEITURE VALUES UNDER CONTRACT THAT PROVIDES ANNUITY AND LIFE INSURANCE BENEFITS. For a contract that provides, by rider or by supplemental provision, both annuity benefits and life insurance benefits that exceed the greater of the value of the cash surrender benefit or the amount with interest of the gross considerations paid on the contract, the minimum nonforfeiture benefits are equal to the sum of the minimum

nonforfeiture benefits for the annuity portion of the contract and the minimum nonforfeiture benefits, if any, for the life insurance portion of the contract, computed as if each portion were a separate contract.

Added by Acts 2001, 77th Leg., ch. 1419, Sec. 2, eff. June 1, 2003.

(1) the last known address, according to the company's records, of the person entitled to the proceeds is located in this state; and

(2) the proceeds have been unclaimed and unpaid for at least three years after the date, according to the company's records, that the proceeds became due and payable under a life or endowment insurance policy or annuity contract that has matured or terminated.

(b) If a person other than the insured or annuitant is entitled to the proceeds and that person's address is not known to the company or if the identity of the person entitled to the proceeds is not certain from the company's records, it is presumed that the last known address of the person entitled to the proceeds is the same as the last known address of the insured or annuitant according to the

company's records.

(c) For purposes of Subsection (a), a life insurance policy not matured by proof of the death of the insured is considered to be matured and the proceeds of the policy are considered to be due and payable only if the policy is in force at the time the insured attained the limiting age under the mortality table on which the reserve is based.

(d) An annuity or other obligation, the payment of which is conditioned on the continued life of any individual, is not considered due and payable for purposes of Subsection (a) without proof that the individual was alive at the time or times required by the contract.

(23) "Special purpose entity" means a corporation, partnership, trust, limited liability company, or other legal entity formed solely to provide either directly or indirectly access to institutional capital markets:

(A) for a financing entity or provider; or

(B) in connection with a transaction in which:

(i) the securities in the special purpose entity are acquired by the owner or by a qualified institutional buyer as defined by 17 C.F.R. Section 230.144A, as amended; or

(ii) the securities pay a fixed rate of return commensurate with established asset-backed institutional capital markets.

(24) "Terminally ill" means having an illness or sickness that can reasonably be expected to result in death not later than 24 months after the date of diagnosis.

Sec. 1111A.003. LICENSING REQUIREMENTS; EXEMPTION. (a) A person, wherever located, may not act as a provider or broker with an owner who is a resident of this state, unless the person holds a license from the department.

(b) An application for a provider or broker license must be made to the department by the applicant on a form prescribed by the commissioner. The application must be accompanied by a fee in an amount established by the commissioner by rule. The license and renewal fees for a provider license must be reasonable and the license and renewal fees for a broker license may not exceed those established for an insurance agent, as otherwise provided by this chapter.

(c) A person who has been licensed as a life insurance agent in this state or the person's home state for at least one year and is licensed as a nonresident agent in this state meets the licensing requirements of this section and may operate as a broker.

(d) Not later than the 30th day after the first date of operating as a broker, a life insurance agent shall notify the commissioner on a form prescribed by the commissioner that the agent is acting as a broker and shall pay any applicable fee to be determined by the commissioner by rule. Notification must include an acknowledgement by the life insurance agent that the agent will operate as a broker in accordance with this chapter.

(e) An insurer that issued a policy that is the subject of a life settlement contract is not responsible for any act or omission of a broker or provider or purchaser arising out of or in connection with the life settlement transaction, unless the insurer receives compensation for the placement of a life settlement contract from the provider, purchaser, or broker in connection with the life settlement contract.

(f) A person licensed as an attorney, certified public accountant, or financial planner accredited by a nationally recognized accreditation agency, who is retained to represent the owner and whose compensation is not paid directly or indirectly by the provider or purchaser, may negotiate life settlement contracts for the owner without having to obtain a license as a broker.

(g) A license expires on the second anniversary of the date of issuance. A license holder may renew the license on payment of a renewal fee. As specified by Subsection (b), the renewal fee for a provider license may not exceed a reasonable fee.

(h) An applicant shall provide the information that the commissioner requires on forms adopted by the commissioner. The commissioner may, at any time, require an applicant to fully disclose the identity of its stockholders, except stockholders owning fewer than 10 percent of the shares of an applicant whose shares are publicly traded, partners, officers and employees, and the commissioner may, in the exercise of the commissioner's sole discretion, refuse to issue a license in the name of any person if the commissioner is not satisfied that an officer, an employee, a stockholder, or a partner of the applicant who may materially influence the applicant's conduct meets the standards of Sections 1111A.001 to 1111A.018.

(i) A license issued to a partnership, corporation, or other entity authorizes each member, officer, and designated employee named in the application and any supplement to the application to act as a license holder under the license.

(j) After the filing of an application and the payment of the license fee, the commissioner shall investigate each applicant and may issue a license if the commissioner finds that the applicant:

- (1) if a provider, has provided a detailed plan of operation;
- (2) is competent and trustworthy and intends to transact business in good faith;
- (3) has a good business reputation and has had experience, training, or education to qualify in the business for which the license is applied;
- (4) if the applicant is a legal entity, is formed or organized under the laws of this state or is a foreign legal entity authorized to transact business in this state, or provides a certificate of good standing from the state of its domicile; and
- (5) has provided to the commissioner an antifraud plan that meets the requirements of Section 1111A.022 and includes:
 - (A) a description of the procedures for detecting and investigating possible fraudulent acts and procedures for resolving material inconsistencies between medical records and insurance applications;
 - (B) a description of the procedures for reporting fraudulent insurance acts to the commissioner;
 - (C) a description of the plan for antifraud education and training of its underwriters and other personnel; and
 - (D) a written description or chart outlining the arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent insurance acts and the investigation of unresolved material inconsistencies between medical records and insurance applications.

(k) The commissioner may not issue a license to a nonresident applicant unless a written designation of an agent for service of process is filed and maintained with the department or unless the applicant has filed with the department the applicant's written irrevocable consent that any action against the applicant may be commenced by service of process on the commissioner.

(l) A license holder shall file with the department not later than March 1 of each year an annual statement containing the information as the commissioner by rule prescribes.

(m) A provider may not allow any person to perform the functions of a broker unless the person holds a current, valid

license as a broker, and as provided in this section.

(n) A broker may not allow any person to perform the functions of a provider unless the person holds a current, valid license as a provider, and as provided in this section.

(o) A provider or broker shall provide to the commissioner new or revised information about officers, stockholders described by Subsection (h), partners, directors, members, or designated employees within 30 days of the change.

(p) An individual licensed as a broker shall complete on a biennial basis 15 hours of training related to life settlements and life settlement transactions, as required by the commissioner. A life insurance agent who is operating as a broker under this section is not subject to the requirements of this subsection.

(q) The business of life settlements constitutes the business of insurance.

Sec. 1111A.004. LICENSE SUSPENSION, REVOCATION, OR REFUSAL TO RENEW. (a) The commissioner may suspend, revoke, or refuse to renew the license of a license holder if the commissioner finds that:

(1) there was a material misrepresentation in the application for the license;

(2) the license holder or an officer, partner, member, or director of the license holder has been guilty of fraudulent or dishonest practices, is subject to a final administrative action, or is otherwise shown to be untrustworthy or incompetent to act as a license holder;

(3) the license holder is a provider and demonstrates a pattern of unreasonably withholding payments to policy owners;

(4) the license holder no longer meets the requirements for initial licensure;

(5) the license holder or any officer, partner, member, or director of the license holder has been convicted of a felony, or of any misdemeanor with respect to which criminal fraud is an element, or has pleaded guilty or nolo contendere with respect to a felony or a misdemeanor with respect to which criminal fraud or moral turpitude is an element, regardless of whether a judgment of conviction has

been entered by the court;

(6) the license holder is a provider and has entered into a life settlement contract using a form that has not been approved under this chapter;

(7) the license holder is a provider and has failed to honor contractual obligations in a life settlement contract;

(8) the license holder is a provider and has assigned, transferred, or pledged a settled policy to a person other than a provider licensed in this state, a purchaser, an accredited investor or qualified institutional buyer as defined respectively in 17 C.F.R. Section 230.144A, as amended, a financing entity, a special purpose entity, or a related provider trust; or

(9) the license holder or any officer, partner, member, or key management personnel of the license holder has violated this chapter.

(b) The commissioner may deny a license application or suspend, revoke, or refuse to renew the license of a license holder in accordance with Chapter 2001, Government Code.

Sec. 1111A.005. REQUIREMENTS FOR CONTRACT FORMS, DISCLOSURE FORMS, AND ADVERTISEMENTS. (a) A person may not use any form of life settlement contract in this state unless the form has been filed with and approved, if required, by the commissioner in a manner that conforms with the filing procedures and any time restrictions or deeming provisions for life insurance forms, policies, and contracts.

(b) An insurer may not, as a condition of responding to a request for verification of coverage or in connection with the transfer of a policy pursuant to a life settlement contract, require that the owner, insured, provider, or broker sign any form, disclosure, consent, waiver, or acknowledgment that has not been expressly approved by the commissioner for use in connection with life settlement contracts.

(c) A person may not use a life settlement contract form or provide to an owner a disclosure statement form unless the form is first filed with and approved by the commissioner. The commissioner shall disapprove a life settlement contract form or disclosure

statement form if, in the commissioner's opinion, the contract or contract provisions fail to meet the requirements of Sections 1111A.011, 1111A.012, 1111A.014, and 1111A.023(b), or are unreasonable, contrary to the interests of the public, or otherwise misleading or unfair to the owner.

(d) At the commissioner's discretion, the commissioner may require the submission of advertisements.

Sec. 1111A.006. REPORTING REQUIREMENTS AND PRIVACY. (a) For a policy settled not later than the fifth anniversary of the date of policy issuance, each provider shall file with the commissioner not later than March 1 of each year an annual statement containing the information that the commissioner prescribes by rule. In addition to any other requirements, the annual statement must specify the total number, aggregate face amount, and life settlement proceeds of policies settled during the immediately preceding calendar year, together with a breakdown of the information by policy issue year. The annual statement must also include the names of each insurance company whose policies have been settled and the brokers that have settled the policies.

(b) The information required under Subsection (a) is limited to only those transactions in which the insured is a resident of this state and may not include individual transaction data regarding the business of life settlements or information if there is a reasonable basis to find that the information could be used to identify the owner or the insured.

(c) A provider that wilfully fails to file an annual statement as required in this section, or wilfully fails to reply not later than the 30th day after the date the provider receives a written inquiry from the department about the filing of the annual statement, shall, in addition to other penalties provided by this chapter, after notice and opportunity for hearing be subject to a penalty of up to \$250 for each day of delay, not to exceed \$25,000 in the aggregate, for the failure to file or respond.

(d) Except as otherwise allowed or required by law, a provider, broker, insurance company, insurance agent, information bureau,

rating agency or company, or any other person with actual knowledge of an insured's identity, may not disclose the identity of an insured or information that there is a reasonable basis to believe could be used to identify the insured or the insured's financial or medical information to any other person unless the disclosure is:

(1) necessary to effect a life settlement contract between the owner and a provider and the owner and insured have provided prior written consent to the disclosure;

(2) necessary to effectuate the sale of a life settlement contract, or interests in the contract, as an investment, provided the sale is conducted in accordance with applicable state and federal securities law and provided further that the owner and the insured have both provided prior written consent to the disclosure;

(3) provided in response to an investigation or examination by the commissioner or another governmental officer or agency or under Section 1111A.018;

(4) a term or condition of the transfer of a policy by one provider to another licensed provider, in which case the receiving provider shall comply with the confidentiality requirements of this subsection;

(5) necessary to allow the provider or broker or the provider's or broker's authorized representative to make contact for the purpose of determining health status provided that in this subdivision, authorized representative does not include a person who has or may have a financial interest in the settlement contract other than a provider, licensed broker, financing entity, related provider trust, or special purpose entity and that the provider or broker requires the authorized representative to agree in writing to adhere to the privacy provisions of this chapter; or

(6) required to purchase stop loss coverage.

(e) Nonpublic personal information solicited or obtained in connection with a proposed or actual life settlement contract is subject to the provisions applicable to financial institutions under the federal Gramm-Leach-Bliley Act (Pub. L. No. 106-102), and any other state and federal laws relating to confidentiality of nonpublic personal information.

Sec. 1111A.008. IMMUNITY FROM LIABILITY. (a) No cause of action shall arise nor shall any liability be imposed against the commissioner, the commissioner's authorized representatives, or any examiner appointed by the commissioner for a statement made or conduct performed in good faith while carrying out this chapter.

(b) No cause of action shall arise, nor shall any liability be imposed against any person for the act of communicating or delivering information to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this chapter, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive. This subsection does not abrogate or modify in any way any common law or statutory privilege or immunity enjoyed by any person identified in Subsection (a).

Sec. 1111A.010. COST OF EXAMINATIONS. The reasonable and necessary cost of an examination under this chapter is to be assessed against the person being examined in accordance with Section 751.208.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1156 (H.B. 2277), Sec. 3, eff. September 1, 2011.

Sec. 1111A.011. ADVERTISING. (a) A broker or provider licensed pursuant to this chapter may conduct or participate in an advertisement in this state. The advertisement must comply with all advertising and marketing laws under Chapter 541 and rules adopted by the commissioner that are applicable to life insurers or to license holders under this chapter.

(b) Advertisements shall be accurate, truthful, and not misleading in fact or by implication.

(c) A person may not:

(1) market, advertise, solicit, or otherwise promote the purchase of a policy for the sole purpose of or with an emphasis on settling the policy; or

(2) use the words "free," "no cost," or words of similar import in the marketing, advertising, or soliciting of, or otherwise promoting, the purchase of a policy.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1156 (H.B. [2277](#)), Sec. 3, eff. September 1, 2011.

Sec. 1111A.012. DISCLOSURES TO OWNERS. (a) The broker, or the provider if no broker is involved in the application, shall provide in writing, in a separate document that is signed by the owner, the following information to the owner not later than the date of application for a life settlement contract:

(1) the fact that possible alternatives to life settlement contracts exist, including accelerated benefits offered by the issuer of the life insurance policy;

(2) the fact that some or all of the proceeds of a life settlement contract may be taxable and that assistance should be sought from a professional tax advisor;

(3) the fact that the proceeds from a life settlement contract could be subject to the claims of creditors;

(4) the fact that receipt of proceeds from a life settlement contract may adversely affect the recipients' eligibility for public assistance or other government benefits or entitlements and that advice should be obtained from the appropriate agency;

(5) the fact that the owner has a right to terminate a life

settlement contract within 15 days of the date the contract is executed by all parties and the owner has received the disclosures described in this section, that rescission, if exercised by the owner, is effective only if both notice of the rescission is given and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider during the rescission period, and that if the insured dies during the rescission period, the contract is considered rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider;

(6) the fact that proceeds will be sent to the owner within three business days after the provider has received the insurer or group administrator's acknowledgement that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated in accordance with the terms of the life settlement contract;

(7) the fact that entering into a life settlement contract may cause the owner to forfeit other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy or certificate of a group policy, and that assistance should be sought from a professional financial advisor;

(8) the amount and method of calculating the compensation, including anything of value, paid or given, or to be paid or given, to the broker, or any other person acting for the owner in connection with the transaction;

(9) the date by which the funds will be available to the owner and the identity of the transmitter of the funds;

(10) the fact that the commissioner requires delivery of a buyer's guide or a similar consumer advisory package in the form prescribed by the commissioner to owners during the solicitation process;

(11) the following language: "All medical, financial, or personal information solicited or obtained by a provider or broker about an insured, including the insured's identity or the identity of family members or a spouse or a significant other, may be disclosed as necessary to effect the life settlement contract between the owner and provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share

information every two years.";

(12) the fact that the commissioner requires providers and brokers to print separate signed fraud warnings on the applications and on the life settlement contracts as follows: "Any person who knowingly presents false information in an application for insurance or a life settlement contract is guilty of a crime and may be subject to fines and confinement in prison.";

(13) the fact that the insured may be contacted by either the provider or broker or an authorized representative of the provider or broker for the purpose of determining the insured's health status or to verify the insured's address and that this contact is limited to once every three months if the insured has a life expectancy of more than one year, and not more than once per month if the insured has a life expectancy of one year or less;

(14) the affiliation, if any, between the provider and the issuer of the insurance policy to be settled;

(15) that a broker represents exclusively the owner, and not the insurer or the provider or any other person, and owes a fiduciary duty to the owner, including a duty to act according to the owner's instructions and in the best interest of the owner;

(16) the name, address, and telephone number of the provider;

(17) the name, business address, and telephone number of the independent third party escrow agent, and the fact that the owner may inspect or receive copies of the relevant escrow or trust agreements or documents; and

(18) the fact that a change of ownership could in the future limit the insured's ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life.

(b) The written disclosures described by Subsection (a) must be conspicuously displayed in a life settlement contract furnished to the owner by a provider, including any affiliations or contractual arrangements between the provider and the broker.

(c) A broker shall provide the owner and the provider with at least the following disclosures not later than the date on which the life settlement contract is signed by all parties and which must be conspicuously displayed in the life settlement contract or in a separate document signed by the owner:

(1) the name, business address, and telephone number of the

broker;

(2) a full, complete, and accurate description of all the offers, counter-offers, acceptances, and rejections relating to the proposed life settlement contract;

(3) a written disclosure of any affiliations or contractual arrangements between the broker and any person making an offer in connection with the proposed life settlement contract;

(4) the name of each broker who receives compensation and the amount of compensation, including anything of value, paid or given to the broker in connection with the life settlement contract; and

(5) a complete reconciliation of the gross offer or bid by the provider to the net amount of proceeds or value to be received by the owner.

(d) For the purpose of this section, "gross offer or bid" means the total amount or value offered by the provider for the purchase of one or more life insurance policies, inclusive of commissions and fees.

(e) The failure to provide the disclosures or rights described in this section is an unfair method of competition or an unfair or deceptive act or practice.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1156 (H.B. [2277](#)), Sec. 3, eff. September 1, 2011.

Sec. 1111A.013. DISCLOSURE TO INSURER. (a) Without limiting the ability of an insurer to assess the insurability of a policy applicant and to determine whether to issue the policy, and in addition to other questions an insurance carrier may lawfully pose to a life insurance applicant, an insurer may inquire in the application for insurance whether the proposed owner intends to pay premiums with the assistance of financing from a lender that will use the policy as collateral to support the financing.

(b) If, as described in Sections 1111A.002(11) and (11-A), the loan provides funds that can be used for a purpose other than paying for the premiums, costs, and expenses associated with obtaining and maintaining the life insurance policy and loan, and notwithstanding any other law, the application must be rejected as a violation of Section 1111A.017.

(c) If the financing does not violate Section 1111A.017, the insurance carrier:

(1) may make disclosures, not later than the date of the delivery of the policy, to the applicant and the insured, either on the application or on an amendment to the application that include the following or substantially similar statements:

"If you have entered into a loan arrangement in which the policy is used as collateral, and the policy does change ownership at some point in the future in satisfaction of the loan, the following may be true:

(A) a change of ownership could lead to a stranger owning an interest in the insured's life;

(B) a change of ownership could in the future limit your ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life;

(C) should there be a change of ownership and you wish to obtain more insurance coverage on the insured's life in the future, the insured's higher issue age, a change in health status, or other factors may reduce the ability to obtain coverage or may result in significantly higher premiums; and

(D) you should consult a professional advisor, since a change in ownership in satisfaction of the loan may result in tax consequences to the owner, depending on the structure of the loan.";

(2) may require certifications, such as the following, from the applicant or the insured:

(A) "I have not entered into any agreement or arrangement providing for the future sale of this life insurance policy";

(B) "My loan arrangement for this policy provides funds sufficient to pay for some or all of the premiums, costs, and expenses associated with obtaining and maintaining my life insurance policy, but I have not entered into any agreement by which I am to receive consideration in exchange for procuring this policy"; and

(C) "The borrower has an insurable interest in the insured."

Added by Acts 2011, 82nd Leg., R.S., Ch. 1156 (H.B. [2277](#)), Sec. 3, eff. September 1, 2011.

Sec. 1111A.014. GENERAL RULES. (a) Before entering into a life settlement contract with an owner of a policy with respect to which the insured is terminally or chronically ill, the provider must obtain:

(1) if the owner is the insured, a written statement from a licensed attending physician that the owner is of sound mind and under no constraint or undue influence to enter into a settlement contract; and

(2) a document in which the insured consents to the release of medical records to a provider, settlement broker, or insurance agent and, if the policy was issued less than two years after the date of application for a settlement contract, to the insurance company that issued the policy.

(b) An insurer shall respond to a request for verification of coverage submitted by a provider, settlement broker, or life insurance agent not later than the 30th calendar day after the date the request is received. The request for verification of coverage must be made on a form approved by the commissioner. The insurer shall complete and issue the verification of coverage or indicate in which respects the insurer is unable to respond. In the response, the insurer shall indicate whether at the time of the response, based on the medical evidence and documents provided, the insurer intends to pursue an investigation about the validity of the insurance contract.

(c) On or before the date of execution of the life settlement contract, the provider shall obtain a witnessed document in which the owner consents to the settlement contract, represents that the owner has a full and complete understanding of the settlement contract and of the benefits of the policy, acknowledges that the owner is entering into the settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the policy was issued.

(d) The insurer may not unreasonably delay effecting change of ownership or beneficiary with any life settlement contract lawfully entered into in this state or with a resident of this state.

(e) If a settlement broker or life insurance agent performs any of these activities required of the provider, the provider is deemed to have fulfilled the requirements of this section.

(f) If a broker performs the verification of coverage activities required of the provider, the provider is deemed to have fulfilled the requirements of Section 1111A.012.

(g) Not later than the 20th day after the date that an owner executes the life settlement contract, the provider shall give written notice to the insurer that issued that insurance policy that the policy has become subject to a life settlement contract. The notice shall be accompanied by the documents required by Section 1111A.013(c).

(h) Medical information solicited or obtained by a license holder is subject to the applicable provision of state law relating to confidentiality of medical information, if not otherwise provided in this chapter.

(i) A life settlement contract entered into in this state must provide that the owner may rescind the contract on or before 15 days after the date the contract is executed by all parties to the contract. Rescission, if exercised by the owner, is effective only if notice of the rescission is given and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider within the rescission period. If the insured dies during the rescission period, the contract is rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider.

(j) Not later than the third business day after the date the provider receives from the owner the documents to effect the transfer of the insurance policy, the provider shall pay the proceeds of the settlement into an escrow or trust account managed by a trustee or escrow agent in a state or federally chartered financial institution pending acknowledgement of the transfer by the issuer of the policy. The trustee or escrow agent shall transfer to the owner the proceeds due to the owner not later than the third business day after the date the trustee or escrow officer receives from the insurer acknowledgment of the transfer of the insurance policy.

(k) Failure to tender the life settlement contract proceeds to the owner on or before the date disclosed to the owner renders the contract voidable by the owner for lack of consideration until the time the proceeds are tendered to and accepted by the owner. A failure to give written notice of the right of rescission under this subsection tolls the right of rescission for 30 days after the date the written notice of the right of rescission has been given.

(l) A fee paid by a provider, an owner, or other person to a broker in exchange for services provided to the owner pertaining to a life settlement contract must be computed as a percentage of the offer obtained, not the face value of the policy. Nothing in this section prohibits a broker from voluntarily reducing the broker's fee to less than a percentage of the offer obtained.

(m) A broker shall disclose to the owner anything of value paid or given to a broker that relates to a life settlement contract.

(n) A person, at any time prior to or at the time of the application for, or issuance of, a policy, or during a two-year period beginning on the date of issuance of the policy, may not enter into a life settlement contract regardless of the date the compensation is to be provided and regardless of the date the assignment, transfer, sale, devise, bequest, or surrender of the policy is to occur. This prohibition does not apply if:

(1) the owner certifies to the provider that the policy was issued on the owner's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least 24 months; or

(2) the owner submits independent evidence to the provider that one or more of the following conditions have been met during the two-year period described by this subsection:

(A) the owner or insured is terminally or chronically ill;

(B) the owner or insured disposes of the owner's or insured's ownership interests in a closely held corporation, pursuant to the terms of a buyout or other similar agreement in effect at the time the insurance policy was initially issued;

(C) the owner's spouse dies;

(D) the owner divorces the owner's spouse;

(E) the owner retires from full-time employment;

(F) the owner becomes physically or mentally disabled and a physician determines that the disability prevents the owner from maintaining full-time employment; or

(G) a final order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor of the owner, adjudicating the owner bankrupt or insolvent, or approving a petition seeking reorganization of the owner or appointing a receiver, trustee, or liquidator to all or a substantial part of the

owner's assets.

(o) For the purposes of Subsection (n)(1), time covered under a group policy must be calculated without regard to a change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship.

(p) Copies of the independent evidence described by Subsection (n)(2) must be submitted to the insurer at the time the provider submits a request to the insurer for verification of coverage. The copies must be accompanied by a letter of attestation from the provider that the copies are true and correct copies of the documents received by the provider. This section does not prohibit an insurer from exercising its right to contest the validity of a policy.

(q) If the provider submits to the insurer a copy of independent evidence provided for Subsection (n)(2)(A) at the time the provider submits a request to the insurer to effect the transfer of the policy to the provider, the copy is deemed to establish that the settlement contract satisfies the requirements of this section.

Added by Acts 2011, 82nd Leg., R.S., Ch. 1156 (H.B. [2277](#)), Sec. 3, eff. September 1, 2011.

Sec. 1111A.015. AUTHORITY TO ADOPT RULES. (a) The commissioner may adopt rules implementing this chapter and regulating the activities and relationships of providers, brokers, insurers, and their authorized representatives.

(b) The commissioner may not adopt a rule establishing a price or fee for the sale or purchase of a life settlement contract. This subsection does not prohibit the commissioner from adopting a rule relating to an unjust price or fee for the sale or purchase of a life settlement contract.

different states, the life settlement contract is governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed on in writing by all of the owners. The law of the state of the insured shall govern in the event that equal owners fail to agree in writing on a state of residence for jurisdictional purposes.

(b) A provider licensed in this state who enters into a life settlement contract with an owner who is a resident of another state that has enacted statutes or adopted rules governing life settlement contracts is governed in the effectuation of that life settlement contract by the statutes and rules of the owner's state of residence. If the state in which the owner is a resident has not enacted statutes or adopted rules governing life settlement contracts, the provider shall give the owner notice that neither state regulates the transaction on which the owner is entering. For transactions in those states, however, the provider shall maintain all records required by this chapter if the transactions were executed in this state. The forms used in those states need not be approved by the department.

(c) If there is a conflict in the laws that apply to an owner and a purchaser in any individual transaction, the laws of the state that apply to the owner shall take precedence and the provider shall comply with those laws.

(6) with respect to any settlement contract or insurance policy and to a broker, knowingly solicit an offer from, effectuate a life settlement contract with, or make a sale to any provider, financing entity, or related provider trust that is controlling, controlled by, or under common control with the broker unless the relationship is fully disclosed to the owner;

(7) with respect to any life settlement contract or insurance policy and a provider, knowingly enter into a life settlement contract with an owner if, in connection with the life settlement contract, anything of value will be paid to a broker that is controlling, controlled by, or under common control with the provider or the financing entity or related provider trust that is involved in such settlement contract, unless the relationship is fully disclosed to the owner;

(8) with respect to a provider, enter into a life settlement contract unless the life settlement promotional, advertising, and marketing materials, as may be prescribed by rule, have been filed with the commissioner, provided that in no event may any marketing materials expressly reference that the insurance is free for any period of time; or

(9) with respect to any life insurance agent, insurance company, broker, or provider, make any statement or representation to the applicant or policyholder in connection with the sale or financing of a life insurance policy to the effect that the insurance is free or without cost to the policyholder for any period of time unless provided in the policy.

The notice may be combined with other notices required under this chapter in accordance with rules of the commissioner.

(f) In transactions in which the replacing insurer and the existing insurer are the same or are subsidiaries or affiliates under common ownership or control, the replacing insurer shall allow credit for the period that has elapsed under the replaced policy's or contract's incontestability and suicide period up to the face amount of the existing policy or contract. With regard to financed purchases, the credit may be limited to the amount that the face amount of the existing policy is reduced by the use of existing policy values to fund the new policy or contract.

(g) If an insurer prohibits the use of sales material other than that approved by the insurer, as an alternative to the requirements under Section 1114.051(g), the insurer shall:

(1) require with each application a statement signed by the agent that:

(A) represents that the agent used only insurer-approved sales material; and

(B) states that copies of all sales material were left with the applicant in accordance with Section 1114.051(f);

(2) not later than the 10th day after the date of issuance of the policy or contract:

(A) notify the applicant by sending a letter, or by

verbal communication with the applicant by a person whose duties are separate from the marketing area of the insurer, that the agent has represented that copies of all sales material have been left with the applicant in accordance with Section 1114.051(f);

(B) provide the applicant with a toll-free telephone number to contact the insurer's personnel involved in the compliance function if copies of all sales material have not been left with the applicant in accordance with Section 1114.051(f); and

(2) the date of conclusion of the next regular examination conducted by the insurance regulatory authority of the existing insurer's state of domicile.

(c) The existing insurer shall send a letter to the policy or contract owner regarding the owner's right to receive information regarding the existing policy or contract values. The letter must include, if available, an in force illustration or, if an in force illustration cannot be produced not later than the fifth business day after the date of receipt of a notice that an existing policy or contract is being replaced, a policy summary. The information must be provided not later than the fifth business day after the date of receipt of the request from the policy or contract owner.

(d) On receipt of a request to borrow, surrender, or withdraw any policy values, the existing insurer shall send a notice advising

the policy owner that the release of policy values may affect the guaranteed elements, nonguaranteed elements, face amount, or surrender value of the policy from which the values are released. The notice must be sent separately from the payment if the payment is sent to any person other than the policy owner. In the case of consecutive automatic premium loans, the insurer is only required to send the notice at the time of the first loan.

(a) In the case of an application initiated as a result of a direct response solicitation, the insurer shall require submission of a statement asking whether the applicant, by applying for the proposed policy or contract, intends to replace, discontinue, or change an existing policy or contract. The statement may be included with, or submitted as part of, each completed application for a policy or contract. If the applicant indicates a replacement or change is not intended or if the applicant fails to respond to the statement, the insurer shall send the applicant, with the policy or contract, a notice, in a form adopted or approved by the commissioner, regarding replacement.

(b) If the insurer has proposed the replacement or if the applicant indicates a replacement is intended and the insurer continues with the replacement, the insurer shall:

(1) provide to the applicant or prospective applicant, with the policy or contract, a notice adopted or approved by the commissioner; and

(2) comply with the requirements of:

(A) Section 1114.053(c), if the applicant furnishes the names of the existing insurers; and

(B) Sections 1114.053(d), (e), and (f).

(c) In a situation described by Subsection (b)(1), the insurer may use a notice that deletes references to the agent, including the agent's signature, and references not applicable to the product being sold or replaced, without having to obtain prior approval of the notice from the commissioner. The insurer's obligation to obtain the applicant's signature is satisfied if the insurer can demonstrate

that the insurer has made a diligent effort to secure a signed copy of the notice. The requirement to make a diligent effort is deemed satisfied if the insurer includes in the mailing a self-addressed postage prepaid envelope with instructions for the return of the signed notice.

However, patterns of that action by policy or contract owners of the same agent shall be deemed prima facie evidence of the agent's knowledge that replacement was intended in connection with the identified transactions, and those patterns of action shall be deemed prima facie evidence of the agent's intent to violate this chapter.

(c) If it is determined that the requirements of this chapter have not been met, the replacing insurer shall provide to the policy owner:

(1) an in force illustration or, if an in force illustration is not available, a policy summary for the replacement policy or an available disclosure document for the replacement contract; and

- (2) restore policy or contract values; and
- (3) pay interest at the rate set by Section 84.050 on the amount refunded in cash.

SUBCHAPTER B. DUTIES OF INSURERS AND AGENTS

Sec. 1115.051. SUITABILITY OF ANNUITY PRODUCT REQUIRED. (a) In recommending to a consumer the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions, the agent, or the insurer if an agent is not involved, must have a reasonable basis to believe that:

(1) the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer as to the consumer's investments and other insurance products and as to the consumer's financial situation and needs, including the consumer's suitability information;

(2) the consumer has been reasonably informed of various features of the annuity, such as the potential surrender period and the surrender charge, any potential tax penalty if the consumer sells, exchanges, surrenders, or annuitizes the annuity, mortality and expense fees, investment advisory fees, potential charges for and features of riders, limitations on interest returns, insurance and investment components, and market risk;

(3) the consumer would benefit from certain features of the annuity, such as tax-deferred growth, annuitization, or a death or

living benefit;

(4) the particular annuity as a whole, the underlying subaccounts to which funds are allocated at the time of the purchase or exchange of the annuity, and any riders or similar product enhancements are suitable, and, in the case of an exchange or replacement, the transaction as a whole is suitable, for the particular consumer based on the consumer's suitability information; and

(5) in the case of an exchange or replacement of an annuity, the exchange or replacement is suitable, including taking into consideration whether the consumer:

(A) will incur a surrender charge, be subject to the commencement of a new surrender period, lose existing benefits such as death, living, or other contractual benefits, or be subject to increased fees, investment advisory fees, or charges for riders or similar product enhancements;

(B) would benefit from product enhancements and improvements; and

(C) has had another annuity exchange or replacement, and in particular, an exchange or replacement in the preceding 36 months.

(b) Before the execution of a purchase, exchange, or replacement of an annuity resulting from a recommendation, an agent, or an insurer if an agent is not involved, shall make reasonable efforts to obtain the consumer's suitability information.

(c) Except as permitted by Subsection (d), an insurer may not issue an annuity recommended to a consumer unless the insurer has a reasonable basis to believe the annuity is suitable based on the consumer's suitability information.

(d) Subject to Subsection (e), an agent or insurer does not have any obligation to a consumer related to an annuity transaction if:

(1) the consumer refuses to provide suitability information requested by the agent or insurer;

(2) the agent or insurer does not make a recommendation;

(3) the agent or insurer makes a recommendation later found to have been prepared based on inaccurate material information provided by the consumer; or

(4) the consumer decides to enter into a transaction that is not based on a recommendation of the agent or insurer.

(e) An insurer's issuance of an annuity under circumstances described by Subsection (d) must be reasonable under all circumstances actually known to the insurer at the time the annuity is issued.

(f) An agent, or an insurer if an agent is not involved, shall at the time of sale of an annuity:

(1) make a record of any recommendation made by the agent or insurer that is subject to Subsection (a);

(2) obtain a customer-signed statement documenting the customer's refusal, if any, to provide suitability information; and

(b) An insurer may comply with Subsection (a) by establishing and maintaining the insurer's own supervision system under which, at a minimum, the insurer:

(1) maintains reasonable procedures to inform the insurer's agents of the requirements of this chapter and incorporates the requirements of this chapter into relevant agent training manuals;

(2) establishes standards for agent product training and maintains reasonable procedures to require the insurer's agents to comply with the requirements of Section 1115.056;

(3) provides product-specific training and training materials that explain all material features of the insurer's annuity products to the insurer's agents;

(4) maintains procedures to review each recommendation electronically, physically, or otherwise before the issuance of an annuity that:

(A) are designed to ensure that there is a reasonable basis to determine that a recommendation is suitable; and

(B) may:

(i) include the application of a screening system to identify selected transactions for additional review; and

(ii) be designed to require additional review only of those transactions identified for additional review by the selection criteria;

(5) maintains reasonable procedures, such as confirmation of consumer suitability information, systematic customer surveys, interviews, confirmation letters, and programs of internal monitoring, to detect recommendations that are not suitable, which may involve applying sampling procedures or confirming suitability information after the issuance or delivery of the annuity; and

(6) annually provides a report to the insurer's senior management, including to the senior manager responsible for audit functions, that details a review, with appropriate testing, reasonably designed to determine the effectiveness of the supervision system, the exceptions found, and any corrective action taken or recommended.

(c) This subsection does not prohibit an insurer from contracting for the performance of a function, including maintenance of procedures, required by Subsection (b). An insurer's supervision system under Subsection (b) must include the supervision of contractual performance under this subsection that includes, at a minimum:

(1) annually obtaining certification that complies with Section 1115.053 from a senior manager who represents that the contracted function is properly performed; and

This section applies to FINRA member broker-dealer sales of variable annuities and fixed annuities if the suitability and supervision conduct rules are similar to those applied to variable annuity sales.

(b) This section does not affect or limit the commissioner's ability to enforce or investigate under this chapter.

(c) Subsection (a) applies only if the insurer:

(1) monitors the FINRA member broker-dealer using information collected in the normal course of the insurer's business; and

(2) provides to the FINRA member broker-dealer information and reports that are reasonably appropriate to assist the broker-dealer to maintain the broker-dealer's supervision system.

(a) Each agent, independent agency, and insurer shall maintain, or otherwise be able to make available to the commissioner, records of the information collected from the consumer and other information used in making a recommendation that was the basis for a transaction subject to this chapter until the fifth anniversary of the date on which the transaction is completed by the insurer.

(a) An agent may not solicit the sale of an annuity product unless the agent has adequate knowledge of the product to recommend the annuity and is in compliance with the insurer's standards for product training. An agent may rely on insurer-provided, product-specific training standards and materials to comply with this subsection.

(b) An agent who engages in the sale of annuity products must complete a one-time training course approved by the department and provided by a continuing education provider.

Additional topics may be offered in conjunction with and in addition to the required topics.

(f) A provider of a course intended to comply with Subsection (b) must register as a continuing education provider in this state and comply with the rules and guidelines applicable to agent continuing education courses provided by Chapter 4004.

(g) An annuity training course may be conducted and completed by classroom or self-study methods in accordance with Chapter 4004.

(1) through any writing or other publication; or
(2) by issuing or disseminating analyses or reports related to a life insurance or annuity product.

(b) Subsection (a) prohibits the use of a senior-specific certification or professional designation only by an insurance agent using:

(1) a certification or professional designation that the agent has not actually earned or for which the agent is ineligible;

(b) For purposes of Subsection (a), "financial services regulatory agency" includes an agency that regulates insurers, insurance producers, broker-dealers, investment advisers, or investment companies, as defined by the Investment Company Act of 1940 (15 U.S.C. Section 80a-1 et seq.).

(b) An insurer may print a policy provision required by this subchapter or a corresponding substitute provision as a unit in any part of the policy with other provisions to which the provision is logically related.

(c) A policy printed under Subsection (b) may not be wholly or partly unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered, or issued.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.203. OTHER POLICY PROVISIONS. A policy provision that is not otherwise subject to this subchapter may not make an individual accident and health insurance policy or any portion of the policy less favorable in any way to the insured or the beneficiary than the policy provisions that are subject to this chapter.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.204. POLICY PROVISIONS REQUIRED BY OTHER JURISDICTION. An individual accident and health insurance policy of a foreign or alien insurer may contain any provision that is:

(1) not less favorable to the insured or the beneficiary than the provisions of this chapter; and

(2) prescribed or required by the law of the state under which the insurer is organized.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.206. FILING PROCEDURE. (a) The commissioner may adopt reasonable rules regarding the procedure for submitting policies subject to this chapter that are necessary, proper, or advisable for the administration of this chapter.

"Entire Contract; Changes: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. A change in this policy is not valid until the change is approved by an executive officer of the insurer and unless the approval is endorsed on or attached to the policy. An agent does not have authority to change this policy or to waive any of its provisions."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.208. POLICY PROVISION: INCONTESTABILITY. (a) Except as provided by Subsection (c), an individual accident and health insurance policy must contain the following provision:

"Time Limit on Certain Defenses: (a) After the second anniversary of the date this policy is issued, a misstatement, other than a fraudulent misstatement, made by the applicant in the application for the policy may not be used to void the policy or to deny a claim for loss incurred or disability (as defined in the

policy) beginning after that anniversary.

"(b) A claim for loss incurred or disability (as defined in the policy) beginning after the second anniversary of the date this policy is issued may not be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss existed before the effective date of coverage of this policy."

(b) Clause (a) of the provision required by Subsection (a) does not:

- (1) affect any legal requirement for avoidance of a policy or denial of a claim during the initial two-year period; or
- (2) limit the application of Section 1201.219, 1201.220, or 1201.221 in a case of a misstatement regarding age, occupation, or other insurance.

(c) For a policy that provides that the insured is entitled to continue the policy in force by the timely payment of premiums until the insured reaches at least 50 years of age or, if the policy was issued after the insured reached 44 years of age, until at least the fifth anniversary of the policy's date of issuance, an insurer may use the following clause instead of Clause (a) of the provision required by Subsection (a):

"After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestible as to the statements contained in the application."

(d) The provision provided by Subsection (c) must be under the caption "Incontestable." An insurer that uses the provision may omit the parenthetical clause.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.209. POLICY PROVISION: GRACE PERIOD. (a) An individual accident and health insurance policy must contain the following provision:

"Grace Period: A grace period of _____ (insert appropriate number) days will be granted for the payment of each premium due after the first premium. During the grace period, the policy continues in force."

(b) The number of days of the grace period may not be less

than:

- (1) 7 for a weekly premium policy;
- (2) 10 for a monthly premium policy; or
- (3) 31 for any other policy.

(c) A policy that contains a cancellation provision may add, at the end of the provision required by Subsection (a): "subject to the right of the insurer to cancel the policy in accordance with the policy's cancellation provision."

(d) A policy in which the insurer reserves the right to refuse any renewal must include the following provision at the beginning of the provision required by Subsection (a):

"Unless, not less than five days before the premium due date, the insurer has delivered to the insured, or has mailed to the insured's last address as shown by the insurer's records, a written notice of the insurer's intention not to renew this policy beyond the period for which the premium has been accepted,"

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.210. POLICY PROVISION: REINSTATEMENT. (a) Except as provided by Subsection (b), an individual accident and health insurance policy must contain the following provision:

"Reinstatement: If a renewal premium is not paid before the expiration of the period granted for the insured to make the payment, a subsequent acceptance of the premium by the insurer or any agent authorized by the insurer to accept the premium, without requiring in connection with the acceptance an application for reinstatement, reinstates the policy. However, if the insurer or authorized agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated on approval of the application by the insurer or, if the application is not approved, on the 45th day after the date of the conditional receipt unless the insurer before that date has notified the insured in writing of the insurer's disapproval of the application. The reinstated policy covers only loss resulting from an accidental injury sustained after the date of reinstatement and loss due to sickness that begins more than 10 days after the date of reinstatement. In all other respects the insured and insurer have the same rights under the reinstated policy as they had under the

policy immediately before the due date of the defaulted premium, subject to any provisions endorsed in the policy or attached to the policy in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days before the date of reinstatement."

(b) The insurer may omit the last sentence of the provision required by Subsection (a) in a policy that provides that the insured is entitled to continue the policy in force by the timely payment of premiums until the insured reaches at least 50 years of age or, if the policy was issued after the insured reached 44 years of age, until at least the fifth anniversary of the policy's date of issuance.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.211. POLICY PROVISION: NOTICE OF CLAIM. (a) Except as provided by Subsection (b), an individual accident and health insurance policy must contain the following provision:

"Notice of Claim: A written notice of claim must be given to the insurer before the 21st day after the date of the occurrence or beginning of any loss covered by the policy, or as soon after that date as is reasonably possible. A notice given by or on behalf of the insured or the beneficiary to the insurer at _____ (insert the location of any office the insurer designates for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, constitutes notice to the insurer."

(b) In a policy that provides a loss of time benefit that may be payable for at least two years, an insurer may insert, between the first and second sentences of the provision required by Subsection (a), the following provision:

"Subject to the qualifications below, and except in the event of a legal incapacity, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, the insured shall, at least once in every _____ (insert appropriate number) months after having given notice of claim, give to the insurer notice of continuance of the disability. In applying this provision, the period of _____ (insert appropriate number)

months following a filing of proof by the insured or any payment by the insurer on account of the claim or any denial of liability in whole or in part by the insurer shall be excluded. Delay in giving the notice does not impair the insured's right to any indemnity that would otherwise have accrued during the period of _____ (insert appropriate number) months preceding the date on which the notice is actually given."

(c) The number of months inserted in the clause permitted by Subsection (b) may not be less than one or greater than six.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.212. POLICY PROVISION: CLAIM FORMS. (a) Except as provided by Subsection (b), an individual accident and health insurance policy must contain the following provision:

"Claim Forms: The insurer, on receipt of a notice of claim, will provide to the claimant the forms usually provided by the insurer for filing proof of loss. If the forms are not provided before the 16th day after the date of the notice, the claimant shall be considered to have complied with the requirements of this policy as to proof of loss on submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character, and the extent of the loss for which the claim is made."

(b) The provision required by this section is not required to be contained in a policy issued by a corporation operating under Chapter 842.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.213. POLICY PROVISION: PROOF OF LOSS. An individual accident and health insurance policy must contain the following provision:

"Proof of Loss: For a claim for loss for which this policy provides any periodic payment contingent on continuing loss, a written proof of loss must be provided to the insurer at the insurer's designated office before the 91st day after the termination of the period for which the insurer is liable. For a claim for any other loss, a written proof of loss must be provided to the insurer

at the insurer's designated office before the 91st day after the date of the loss. Failure to provide the proof within the required time does not invalidate or reduce any claim if it was not reasonably possible to give proof within the required time. In that case, the proof must be provided as soon as reasonably possible but not later than one year after the time proof is otherwise required, except in the event of a legal incapacity."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.214. POLICY PROVISION: TIME OF PAYMENT OF CLAIMS.

(a) Except as provided by Subsection (c), an individual accident and health insurance policy must contain the following provision:

"Time of Payment of Claims: Indemnities payable under this policy for any loss, other than a loss for which this policy provides any periodic payment, will be paid immediately on receipt of due written proof of the loss. Subject to due written proof of loss, all accrued indemnities for a loss for which this policy provides periodic payment will be paid _____ (insert period for payment) and any balance remaining unpaid on termination of liability will be paid immediately on receipt of due written proof of loss."

(b) The period for payment to be inserted in the clause required by Subsection (a) may not be less frequent than monthly.

(c) The provision required by this section is not required to be contained in a policy issued by a corporation operating under Chapter 842.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.215. POLICY PROVISION: PAYMENT OF CLAIMS. (a)

Except as provided by Subsection (d), an individual accident and health insurance policy must contain the following provision:

"Payment of Claims: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting indemnity payments that may be prescribed in this policy and effective at the time of payment. If such a designation or provision is not then effective, the indemnity will be payable to the insured's estate. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either in

accordance with the beneficiary designation or to the insured's estate. All other indemnities will be payable to the insured."

(b) An insurer may include with the provision required by Subsection (a) one or both of the following provisions:

"If any indemnity of this policy is payable to the insured's estate, or to an insured or beneficiary who is a minor or is otherwise not competent to give a valid release, the insurer may pay the indemnity, up to an amount not exceeding \$_____ (insert amount), to any relative by blood or connection by marriage of the insured or beneficiary who is considered by the insurer to be equitably entitled to the indemnity. Any payment made by the insurer in good faith in accordance with this provision fully discharges the insurer to the extent of the payment."

"Subject to any written direction of the insured, in the application or otherwise, all or a portion of any indemnity provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proof of the loss, be paid directly to the hospital or person providing the services. It is not required that the service be provided by a particular hospital or person."

(c) The amount to be inserted in the clause permitted by Subsection (b) may not exceed \$1,000.

(d) The provision required by Subsection (a) is not required to be contained in a policy issued by a corporation operating under Chapter 842.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.216. POLICY PROVISION: PHYSICAL EXAMINATIONS AND AUTOPSY. An individual accident and health insurance policy must contain the following provision:

"Physical Examinations and Autopsy: The insurer at its own expense has the right and opportunity to conduct a physical examination of the insured when and as often as the insurer reasonably requires while a claim under the policy is pending and, in case of death, to require that an autopsy be conducted if not forbidden by law."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.217. POLICY PROVISION: LEGAL ACTIONS. An individual accident and health insurance policy must contain the following provision:

"Legal Actions: An action at law or in equity may not be brought to recover on this policy before the 61st day after the date written proof of loss has been provided in accordance with the requirements of this policy. An action at law or in equity may not be brought after the expiration of three years after the time written proof of loss is required to be provided."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.218. POLICY PROVISION: CHANGE OF BENEFICIARY. (a) Except as provided by Subsection (b), an individual accident and health insurance policy must contain the following provision:

(b) An insurer may omit the first clause of the provision required by Subsection (a) relating to an irrevocable designation of beneficiary.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.219. POLICY PROVISION: CHANGE OF OCCUPATION. An individual accident and health insurance policy must contain the following provision if the policy addresses the subject matter of the provision:

"Change of Occupation: If the insured is injured or contracts a sickness after the insured changes the insured's occupation to one classified by the insurer as more hazardous than the occupation stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only the portion of the indemnity provided in this policy as the premium

paid would have purchased at the rates and within the limits fixed by the insurer for the more hazardous occupation. If the insured changes the insured's occupation to one classified by the insurer as less hazardous than the occupation stated in this policy, the insurer, on receipt of proof of the change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding the receipt of the proof, whichever date is more recent. In applying this provision, the classification of occupational risk and the premium rates are the classification and rates that, before the occurrence of the loss for which the insurer is liable or before the date of proof of change in occupation, were:

(1) last filed by the insurer with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; or

(2) if filing was not required, last made effective by the insurer in the state where the insured resided at the time this policy was issued."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.220. POLICY PROVISION: MISSTATEMENT OF AGE. An individual accident and health insurance policy must contain the following provision if the policy addresses the subject matter of the provision:

"Misstatement of Age: If the age of the insured has been misstated, the amounts payable under this policy are the amounts the premium paid would have purchased at the correct age."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.221. POLICY PROVISION: EXCESS INSURANCE. An individual accident and health insurance policy must contain one of the following provisions if the policy addresses the subject matter of the provision:

"Other Insurance With This Insurer: If an accident or health or accident and health policy or policies previously issued by the insurer to the insured is in force concurrently with this policy,

making the aggregate indemnity for _____ (insert types of coverages) in excess of \$_____ (insert maximum limit of indemnity or indemnities), the excess insurance is void and all premiums paid for the excess shall be returned to the insured or to the insured's estate."

"Other Insurance With This Insurer: Insurance effective at any one time on the insured under the same type of policy or policies with this insurer is limited to the one policy elected by the insured, the insured's beneficiary, or the insured's estate, as the case may be, and the insurer will return all premiums paid for all other policies of the same type."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.222. POLICY PROVISION: RELATION OF EARNINGS TO INSURANCE. (a) Subject to Subsection (b), an individual accident and health insurance policy must contain the following provision if the policy addresses the subject matter of the provision:

"Relation of Earnings to Insurance: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage on the insured, regardless of whether the benefits are payable on a weekly or monthly basis, exceeds the amount of monthly earnings of the insured at the time the insured's disability began or the insured's average amount of monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever amount is greater, the insurer will be liable only for the proportionate amount of loss of time benefits under this policy as the amount of the insured's monthly earnings or average monthly earnings bears to the total amount of monthly benefits for the same loss under all loss of time coverage on the insured at the time the disability begins and for the return of the part of the premiums paid during the immediately preceding two years that exceeds the pro rata amount of the premiums for the benefits actually paid under this policy. This provision does not reduce the total monthly amount of benefits payable under all loss of time coverage on the insured to less than \$200 or the sum of the monthly benefits specified in the loss of time coverages, whichever amount is less, and does not reduce benefits other than loss of time benefits."

(b) The provision described by Subsection (a) may be included

only in a policy that provides that the insured is entitled to continue the policy in force subject to its terms by the timely payment of premiums until the insured reaches at least 50 years of age or, if the policy was issued after the insured reached 44 years of age, until at least the fifth anniversary of the policy's date of issuance.

(c) An insurer may include in the provision described by Subsection (a) a definition of "valid loss of time coverage." The form of the definition must be approved by the commissioner. The subject matter of the definition must be limited to:

(1) coverage provided by:

(A) governmental agencies; or

(B) organizations subject to regulation by insurance laws or by insurance authorities of this or any other state or any province of Canada;

(2) any other coverage the inclusion of which is approved by the commissioner; or

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.224. POLICY PROVISION: CANCELLATION. An individual accident and health insurance policy must contain the following provision if the policy addresses the subject matter of the provision:

"Cancellation: The insurer may cancel this policy at any time by written notice delivered to the insured, or mailed to the insured's last address as shown by the records of the insurer, stating when the cancellation is effective, which may not be earlier than five days after the date the notice is delivered or mailed. After this policy has been continued beyond its original term, the insured may cancel the policy at any time by written notice delivered or mailed to the insurer, effective on receipt or on a later date specified in the notice. In the event of cancellation, the insurer will promptly return the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation is without prejudice to any claim originating before the effective date of cancellation."

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

SUBCHAPTER F. APPLICATION FOR POLICY

Sec. 1201.271. ALTERATION OF POLICY APPLICATION. (a) A person may not alter a written application for an individual accident and health insurance policy unless the person has the written consent of the applicant.

(b) Notwithstanding Subsection (a), an insurer may make an insertion to an application solely for administrative purposes in a manner that indicates clearly that the insertion is not attributed to the applicant.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.272. FALSE STATEMENTS. The falsity of a statement in an application for an individual accident and health insurance policy does not bar a right to recovery under the policy unless the statement materially affected the acceptance of the risk or the hazard assumed by the insurer.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1201.273. BINDING STATEMENTS. An insured may not be bound by a statement made in an application for an individual accident and health insurance policy unless a copy of the application is attached to or endorsed on the policy as a part of the policy when issued.

(b) A guaranteed renewable insurance policy or a noncancellable insurance policy:

(1) is continued in effect by the payment of the policy premium in accordance with the policy terms and conditions; and

Sec. 1252.002. APPLICABILITY OF CHAPTER. (a) This chapter applies only to a health benefit plan that:

(2) coverage under the plan is not available to the general public and can be obtained and maintained only because of the covered individual's employment status or membership in a labor union or an association;

(3) premiums or subscription charges for the plan are paid to the carrier on an aggregate or bulk-payment basis; and

(4) the plan is sponsored by:

(b) A health benefit plan must contain a reasonable extension of benefits provision for coverage for hospital or medical expenses other than dental expenses. A provision is considered reasonable if it provides to an individual who is covered under the plan and who is totally disabled on the date of the plan's discontinuation an extension of benefits for expenses incurred in treating the condition causing the total disability and the extension is provided for at least the lesser of:

(1) 90 days; or

(2) the duration of the total disability.

(c) An extension of benefits provision required under this section may provide for an exclusion from coverage for an individual whose coverage is being discontinued and replaced with coverage that:

(1) is provided by a succeeding carrier; and

(2) provides a level of benefits that is at least substantially equal to the level of benefits provided under the replaced health benefit plan.

(d) An applicable extension of benefits provision must be described in the policy or contract and the group insurance certificate.

(e) Benefits payable during an extension period may be subject to the regular benefit limits of the health benefit plan.

Sec. 1252.103. INDEMNITY OR BENEFITS PAYABLE FOR DISABILITY. A discontinuation of health benefit plan coverage occurring during a period of disability does not affect:

(1) any benefits payable under the plan for loss of time from work because of the disability; or

(2) any specific indemnity required to be provided under the plan during a period of hospital confinement.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

(1) covered by the plan; and

(a) An individual who was covered by a previous carrier's health benefit plan on the date on which that plan was discontinued shall be provided coverage under the succeeding carrier's health benefit plan as of the replacement plan's effective date if the individual:

(1) is eligible for coverage because the individual is a member of a class eligible for coverage under the replacement plan and satisfies the replacement plan's actively at work and nonconfinement requirements; and

(2) elects to be covered under the replacement plan.

(b) An individual who would be covered by the succeeding carrier under Subsection (a) but who does not satisfy the replacement plan's actively at work and nonconfinement requirements shall be covered under the replacement plan when the individual satisfies those requirements.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1252.203. EXTENSION OF BENEFITS FOR TOTAL DISABILITY. (a) With respect to providing a type of coverage for which Section 1252.102 requires an extension of benefits for an individual with a total disability, a succeeding carrier replacing a previous carrier's plan that is not subject to that section must provide, subject to Subsection (b), the lesser of:

(1) extended benefit coverage that the previous carrier would have been required to provide under Section 1252.102 if the previous carrier had been subject to that section; or

(2) extended benefit coverage that the succeeding carrier is required to provide under Section 1252.102.

(b) The extended benefit coverage may be reduced by any benefits actually payable under the previous carrier's health benefit plan.

Sec. 1252.204. COVERAGE FOR PREEXISTING CONDITIONS. (a) A succeeding carrier's health benefit plan that limits coverage in accordance with a preexisting conditions provision, other than a waiting period, must provide, during the period the limitation on coverage is in effect, the level of benefits prescribed by this section to an individual covered by the succeeding carrier who:

(1) has a preexisting condition; and

(2) was covered by the previous carrier's plan on the date on which that plan was discontinued.

(b) The health benefit plan must provide a level of benefits equal to the lesser of:

(1) the level of benefits available under the succeeding carrier's plan as determined without applying the preexisting conditions provision; or

(2) the level of benefits that would have been available under the previous carrier's plan.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1252.205. WAITING PERIOD. If the benefits that were available under a previous carrier's health benefit plan are similar to the benefits available under a succeeding carrier's health benefit plan, the succeeding carrier shall give credit for the satisfaction or partial satisfaction of any waiting period or similar provision that has been satisfied under the previous carrier's plan.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

of the benefits available under the previous carrier's health benefit plan, the previous carrier shall provide at the request of the succeeding carrier:

- (1) a statement of the benefits available under the previous carrier's plan; or
- (2) pertinent information sufficient either to allow verification of those benefits or to allow the succeeding carrier to make a determination of those benefits.

(b) A determination of benefits under this section must be made using the definitions of, and in accordance with all of the conditions and covered expense provisions of, the previous carrier's plan as if that plan had not been replaced.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1252.207. LIABILITY OF PREVIOUS CARRIER. A carrier of a health benefit plan that is being discontinued is liable only for any accrued liabilities regarding the plan and for any extension of benefits provided under the plan, regardless of whether the group policyholder or any other entity responsible for making payments or for submitting subscription charges to the carrier:

- (1) replaces the coverage provided under the discontinued plan with health benefit plan coverage provided by another carrier;
- (2) self-insures a health benefit plan; or
- (3) does not provide health benefit plan coverage.

(1) was covered under the contract; and

(2) had a sickness or injury for which a service was being provided or a benefit was being paid under the contract.

(c) A renegotiated health benefit contract may include a different durational or dollar limit or a different deductible amount or amount of coinsurance applicable to a sickness or injury for which a service was being provided or benefit was being paid before the contract was renegotiated if that same or a similar limit or amount applies to a service provided or benefit paid for a similar sickness or a related condition or injury covered by the contract.

Sec. 1253.052. CONTINUATION OF GROUP ACCIDENT AND HEALTH INSURANCE DURING LABOR DISPUTE REQUIRED FOR CERTAIN POLICIES. (1) the work stoppage had not occurred; and

(2) the agreement requiring the employer to make contributions to the fund were in effect.

(b) The policy may provide that continuation of coverage is contingent on the collection of individual contributions by the policyholder or the policyholder's agent.

Sec. 1253.057. INDIVIDUAL PREMIUM RATE INCREASE. (a) A policy may provide that, during the period of a work stoppage, each individual premium rate shall be increased by an amount not to exceed 20 percent of the amount shown in the policy, or a greater percentage as approved by the commissioner, to provide sufficient compensation to the insurer to cover increased:

- (1) administrative costs; and
 - (2) mortality and morbidity.
- (b) If a policy provides for a premium rate increase in accordance with this section, the amount of an employee's contribution must be increased by the same percentage.

Sec. 1253.058. PREMIUM RATE CHANGE NOT LIMITED. (a) This subchapter does not limit any right of the insurer under a policy to increase or decrease a premium rate before, during, or after a work stoppage if the insurer would be entitled to increase the premium rate had a work stoppage not occurred.

(b) A change in a premium rate made in accordance with this section takes effect on a date that is determined by the insurer in accordance with the terms of the policy.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1253.059. LIMITATIONS ON CONTINUATION OF COVERAGE. This subchapter does not require the continuation of coverage under a policy for any loss of time benefits included in the policy or the continuation of other coverage for a period:

- (1) longer than six months after a work stoppage occurs;
- (2) beyond the time that 75 percent of the covered employees continue the coverage; or

(1) request that the enrollee be permitted to continue treatment under the physician's or provider's care; and

(b) The insurer shall clearly indicate on the explanation of payment statement in the manner prescribed by the commissioner by rule that the clean claim is being paid at 100 percent of the contracted rate, subject to completion of the audit.

(c) If the insurer requests additional information to complete the audit, the request must describe with specificity the clinical information requested and relate only to information the insurer in good faith can demonstrate is specific to the claim or episode of care. The insurer may not request as a part of the audit information that is not contained in, or is not in the process of being

incorporated into, the patient's medical or billing record maintained by a preferred provider.

(d) If the preferred provider does not supply information reasonably requested by the insurer in connection with the audit, the insurer may:

(1) notify the provider in writing that the provider must provide the information not later than the 45th day after the date of the notice or forfeit the amount of the claim; and

The preferred provider is not required to provide an attachment that is not contained in, or is not in the process of being incorporated into, the patient's medical or billing record maintained by a preferred provider.

(b) An insurer that requests an attachment under Subsection (a) shall determine whether the claim is payable on or before the later of the 15th day after the date the insurer receives the requested attachment or the latest date for determining whether the claim is payable under Section 1301.103 or 1301.104.

(c) An insurer may not make more than one request under Subsection (a) in connection with a claim. Sections 1301.102(b) and 1301.1021 apply to a request for and submission of an attachment under Subsection (a).

(d) If an insurer requests an attachment or other information from a person other than the preferred provider who submitted the claim, the insurer shall provide notice containing the name of the physician or health care provider from whom the insurer is requesting information to the preferred provider who submitted the claim. SUBCHAPTER C-1. OTHER PROVISIONS RELATING TO PAYMENT OF CLAIMS

Sec. 1301.131. ELEMENTS OF CLEAN CLAIM. (a) A nonelectronic claim by a physician or health care provider, other than an institutional provider, is a "clean claim" if the claim is submitted using the Centers for Medicare and Medicaid Services Form 1500 or, if adopted by the commissioner by rule, a successor to that form developed by the National Uniform Claim Committee or the committee's successor. An electronic claim by a physician or provider, other than an institutional provider, is a "clean claim" if the claim is submitted using the Professional 837 (ASC X12N 837) format or, if adopted by the commissioner by rule, a successor to that format adopted by the Centers for Medicare and Medicaid Services or the center's successor.

(b) A nonelectronic claim by an institutional provider is a "clean claim" if the claim is submitted using the Centers for Medicare and Medicaid Services Form UB-92 or, if adopted by the commissioner by rule, a successor to that form developed by the National Uniform Billing Committee or the committee's successor. An

electronic claim by an institutional provider is a "clean claim" if the claim is submitted using the Institutional 837 (ASC X12N 837) format or, if adopted by the commissioner by rule, a successor to that format adopted by the Centers for Medicare and Medicaid Services or the centers' successor.

(c) The commissioner may adopt rules that specify the information that must be entered into the appropriate fields on the applicable claim form for a claim to be a clean claim.

(d) The commissioner may not require any data element for an electronic claim that is not required in an electronic transaction set needed to comply with federal law.

(e) An insurer and a preferred provider may agree by contract to use fewer data elements than are required in an electronic transaction set needed to comply with federal law.

(f) An otherwise clean claim submitted by a physician or health care provider that includes additional fields, data elements, attachments, or other information not required under this section is considered to be a clean claim for the purposes of this chapter.

(g) Except as provided by Subsection (e), the provisions of this section may not be waived, voided, or nullified by contract.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. [2018](#)), Sec. 11.037(b), eff. September 1, 2005.

Sec. 1301.132. OVERPAYMENT. (a) An insurer may recover an overpayment to a physician or health care provider if:

(1) not later than the 180th day after the date the physician or provider receives the payment, the insurer provides written notice of the overpayment to the physician or provider that includes the basis and specific reasons for the request for recovery of funds; and

(2) the physician or provider does not make arrangements for repayment of the requested funds on or before the 45th day after the date the physician or provider receives the notice.

(b) If a physician or health care provider disagrees with a request for recovery of an overpayment, the insurer shall provide the physician or provider with an opportunity to appeal, and the insurer may not attempt to recover the overpayment until all appeal rights are exhausted.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.037(b), eff. September 1, 2005.

Sec. 1301.133. VERIFICATION. (a) In this section, "verification" includes preauthorization only when preauthorization is a condition for the verification.

(b) On the request of a preferred provider for verification of a particular medical care or health care service the preferred provider proposes to provide to a particular patient, the insurer shall inform the preferred provider without delay whether the service, if provided to that patient, will be paid by the insurer and shall specify any deductibles, copayments, or coinsurance for which the insured is responsible.

(c) An insurer shall have appropriate personnel reasonably available at a toll-free telephone number to provide a verification under this section between 6 a.m. and 6 p.m. central time Monday through Friday on each day that is not a legal holiday and between 9 a.m. and noon central time on Saturday, Sunday, and legal holidays. An insurer must have a telephone system capable of accepting or recording incoming phone calls for verifications after 6 p.m. central time Monday through Friday and after noon central time on Saturday, Sunday, and legal holidays and responding to each of those calls on or before the second calendar day after the date the call is received.

(d) An insurer may decline to determine eligibility for payment if the insurer notifies the physician or preferred provider who requested the verification of the specific reason the determination was not made.

(e) An insurer may establish a specific period during which the verification is valid of not less than 30 days.

(f) An insurer that declines to provide a verification shall notify the physician or provider who requested the verification of the specific reason the verification was not provided.

(g) If an insurer has provided a verification for proposed medical care or health care services, the insurer may not deny or reduce payment to the physician or provider for those medical care or health care services if provided to the insured on or before the 30th day after the date the verification was provided unless the physician or provider has materially misrepresented the proposed medical care

or health care services or has substantially failed to perform the proposed medical care or health care services.

(h) The provisions of this section may not be waived, voided, or nullified by contract.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.037(b), eff. September 1, 2005.

Sec. 1301.134. COORDINATION OF PAYMENT. (a) An insurer may require a physician or health care provider to retain in the physician's or provider's records updated information concerning other health benefit plan coverage and to provide the information to the insurer on the applicable form described by Section 1301.131. Except as provided by this subsection, an insurer may not require a physician or provider to investigate coordination of other health benefit plan coverage.

(b) Coordination of payment under this section does not extend the period for determining whether a service is eligible for payment under Section 1301.103 or 1301.104 or for auditing a claim under Section 1301.105.

(c) A physician or health care provider who submits a claim for particular medical care or health care services to more than one health maintenance organization or insurer shall provide written notice on the claim submitted to each health maintenance organization or insurer of the identity of each other health maintenance organization or insurer with which the same claim is being filed.

(d) On receipt of notice under Subsection (c), an insurer shall coordinate and determine the appropriate payment for each health maintenance organization or insurer to make to the physician or health care provider.

(e) Except as provided by Subsection (f), if an insurer is a secondary payor and pays a portion of a claim that should have been paid by the insurer or health maintenance organization that is the primary payor, the overpayment may only be recovered from the health maintenance organization or insurer that is primarily responsible for that amount.

(f) If the portion of the claim overpaid by the secondary insurer was also paid by the primary health maintenance organization or insurer, the secondary insurer may recover the amount of

overpayment under Section 1301.132 from the physician or health care provider who received the payment. An insurer processing an electronic claim as a secondary payor shall rely on the primary payor information submitted on the claim by the physician or provider. Primary payor information may be submitted electronically by the primary payor to the secondary payor.

(g) An insurer may share information with a health maintenance organization or another insurer to the extent necessary to coordinate appropriate payment obligations on a specific claim.

(h) The provisions of this section may not be waived, voided, or nullified by contract.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.037(b), eff. September 1, 2005.

Sec. 1301.135. PREAUTHORIZATION OF MEDICAL AND HEALTH CARE SERVICES. (a) An insurer that uses a preauthorization process for medical care and health care services shall provide to each preferred provider, not later than the 10th business day after the date a request is made, a list of medical care and health care services that require preauthorization and information concerning the preauthorization process.

(b) If proposed medical care or health care services require preauthorization as a condition of the insurer's payment to a preferred provider under a health insurance policy, the insurer shall determine whether the medical care or health care services proposed to be provided to the insured are medically necessary and appropriate.

(c) On receipt of a request from a preferred provider for preauthorization, the insurer shall review and issue a determination indicating whether the proposed medical care or health care services are preauthorized. The determination must be issued and transmitted not later than the third calendar day after the date the request is received by the insurer.

(d) If the proposed medical care or health care services involve inpatient care and the insurer requires preauthorization as a condition of payment, the insurer shall review the request and issue a length of stay for the admission into a health care facility based on the recommendation of the patient's physician or health care

provider and the insurer's written medically accepted screening criteria and review procedures. If the proposed medical or health care services are to be provided to a patient who is an inpatient in a health care facility at the time the services are proposed, the insurer shall review the request and issue a determination indicating whether proposed services are preauthorized within 24 hours of the request by the physician or provider.

(e) An insurer shall have appropriate personnel reasonably available at a toll-free telephone number to respond to requests for a preauthorization between 6 a.m. and 6 p.m. central time Monday through Friday on each day that is not a legal holiday and between 9 a.m. and noon central time on Saturday, Sunday, and legal holidays. An insurer must have a telephone system capable of accepting or recording incoming phone calls for preauthorizations after 6 p.m. central time Monday through Friday and after noon central time on Saturday, Sunday, and legal holidays and responding to each of those calls not later than 24 hours after the call is received.

(f) If an insurer has preauthorized medical care or health care services, the insurer may not deny or reduce payment to the physician or health care provider for those services based on medical necessity or appropriateness of care unless the physician or provider has materially misrepresented the proposed medical or health care services or has substantially failed to perform the proposed medical or health care services.

(g) This section applies to an agent or other person with whom an insurer contracts to perform, or to whom the insurer delegates the performance of, preauthorization of proposed medical or health care services.

(h) The provisions of this section may not be waived, voided, or nullified by contract.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.037(b), eff. September 1, 2005.

Sec. 1301.136. AVAILABILITY OF CODING GUIDELINES. (a) A contract between an insurer and a preferred provider must provide that:

(1) the preferred provider may request a description and copy of the coding guidelines, including any underlying bundling,

recoding, or other payment process and fee schedules applicable to specific procedures that the preferred provider will receive under the contract;

(2) the insurer or the insurer's agent will provide the coding guidelines and fee schedules not later than the 30th day after the date the insurer receives the request;

(3) the insurer or the insurer's agent will provide notice of changes to the coding guidelines and fee schedules that will result in a change of payment to the preferred provider not later than the 90th day before the date the changes take effect and will not make retroactive revisions to the coding guidelines and fee schedules; and

(4) the contract may be terminated by the preferred provider on or before the 30th day after the date the preferred provider receives information requested under this subsection without penalty or discrimination in participation in other health care products or plans.

(b) A preferred provider who receives information under Subsection (a) may only:

(1) use or disclose the information for the purpose of practice management, billing activities, and other business operations; and

(2) disclose the information to a governmental agency involved in the regulation of health care or insurance.

(c) The insurer shall, on request of the preferred provider, provide the name, edition, and model version of the software that the insurer uses to determine bundling and unbundling of claims.

(d) The provisions of this section may not be waived, voided, or nullified by contract.

Added by Acts 2005, 79th Leg., Ch. 728 (H.B. 2018), Sec. 11.037(b), eff. September 1, 2005.

Sec. 1301.137. VIOLATION OF CLAIMS PAYMENT REQUIREMENTS; PENALTY. (a) Except as provided by this section, if a clean claim submitted to an insurer is payable and the insurer does not determine under Subchapter C that the claim is payable and pay the claim on or before the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay the preferred

provider making the claim the contracted rate owed on the claim plus a penalty in the amount of the lesser of:

- (1) 50 percent of the difference between the billed charges, as submitted on the claim, and the contracted rate; or
- (2) \$100,000.

(b) If the claim is paid on or after the 46th day and before the 91st day after the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay a penalty in the amount of the lesser of:

- (1) 100 percent of the difference between the billed charges, as submitted on the claim, and the contracted rate; or
- (2) \$200,000.

(c) If the claim is paid on or after the 91st day after the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay a penalty computed under Subsection (b) plus 18 percent annual interest on that amount. Interest under this subsection accrues beginning on the date the insurer was required to pay the claim and ending on the date the claim and the penalty are paid in full.

(d) Except as provided by this section, an insurer that determines under Subchapter C that a claim is payable, pays only a portion of the amount of the claim on or before the date the insurer is required to make a determination or adjudication of the claim, and pays the balance of the contracted rate owed for the claim after that date shall pay to the preferred provider, in addition to the contracted amount owed, a penalty on the amount not timely paid in the amount of the lesser of:

- (1) 50 percent of the underpaid amount; or
- (2) \$100,000.

(e) If the balance of the claim is paid on or after the 46th day and before the 91st day after the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay a penalty on the balance of the claim in the amount of the lesser of:

- (1) 100 percent of the underpaid amount; or
- (2) \$200,000.

(f) If the balance of the claim is paid on or after the 91st day after the date the insurer is required to make a determination or adjudication of the claim, the insurer shall pay a penalty on the balance of the claim computed under Subsection (e) plus 18 percent

annual interest on that amount. Interest under this subsection accrues beginning on the date the insurer was required to pay the claim and ending on the date the claim and the penalty are paid in full.

(g) For the purposes of Subsections (d) and (e), the underpaid amount is computed on the ratio of the amount underpaid on the contracted rate to the contracted rate as applied to an amount equal to the billed charges as submitted on the claim minus the contracted rate.

(h) An insurer is not liable for a penalty under this section:

(1) if the failure to pay the claim in accordance with Subchapter C is a result of a catastrophic event that substantially interferes with the normal business operations of the insurer; or

(2) if the claim was paid in accordance with Subchapter C, but for less than the contracted rate, and:

(A) the preferred provider notifies the insurer of the underpayment after the 270th day after the date the underpayment was received; and

(B) the insurer pays the balance of the claim on or before the 30th day after the date the insurer receives the notice.

(i) Subsection (h) does not relieve the insurer of the obligation to pay the remaining unpaid contracted rate owed the preferred provider.

(j) An insurer that pays a penalty under this section shall clearly indicate on the explanation of payment statement in the manner prescribed by the commissioner by rule the amount of the contracted rate paid and the amount paid as a penalty.

(k) In addition to any other penalty or remedy authorized by this code, an insurer that violates Section 1301.103, 1301.104, or 1301.105 in processing more than two percent of clean claims submitted to the insurer is subject to an administrative penalty under Chapter 84. For each day an administrative penalty is imposed under this subsection, the penalty may not exceed \$1,000 for each claim that remains unpaid in violation of Section 1301.103, 1301.104, or 1301.105. In determining whether an insurer has processed preferred provider claims in compliance with Section 1301.103, 1301.104, or 1301.105, the commissioner shall consider paid claims, other than claims that have been paid under Section 1301.105, and shall compute a compliance percentage for physician and provider claims, other than institutional provider claims, and a compliance

percentage for institutional provider claims.

(1) Notwithstanding any other provision of this section, this subsection governs the payment of a penalty under this section. For a penalty under this section relating to a clean claim submitted by a preferred provider other than an institutional provider, the insurer shall pay the entire penalty to the preferred provider, except for any interest computed under Subsection (c), which shall be paid to the Texas Health Insurance Risk Pool. For a penalty under this section relating to a clean claim submitted by an institutional provider, the insurer shall pay 50 percent of the penalty amount computed under this section, including interest, to the institutional provider and the remaining 50 percent of that amount to the Texas Health Insurance Risk Pool.

SUBCHAPTER D. RELATIONS BETWEEN INSURED'S AND PREFERRED PROVIDERS

Sec. 1301.151. INSURED'S RIGHT TO TREATMENT. Each insured is entitled to treatment and diagnostic techniques that are prescribed by the physician or health care provider included in the preferred provider benefit plan.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1301.152. CONTINUING CARE IN GENERAL. (a) An insurer shall establish reasonable procedures for ensuring a transition of insureds to physicians or health care providers and for continuity of treatment.

(b) An insurer shall:

(1) provide, subject to Section 1301.160, reasonable advance notice to an insured of the impending termination of the participation in the plan of a physician or health care provider who is currently treating the insured; and

(2) in the event of termination of a preferred provider's participation in the plan, make available to the insured a current listing of preferred providers.

(c) A contract between an insurer and a physician or health care provider must include a procedure for resolving disputes regarding the necessity for continued treatment by the physician or provider.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1301.153. CONTINUITY OF CARE. (a) In this section:

(1) "Life-threatening" means a disease or condition for which the likelihood of death is probable unless the course of the disease or condition is interrupted.

(2) "Special circumstances" means a condition regarding which the treating physician or health care provider reasonably believes that discontinuing care by the treating physician or provider could cause harm to the insured. Examples of an insured who has a special circumstance include an insured with a disability, acute condition, or life-threatening illness or an insured who is past the 24th week of pregnancy.

(b) Each contract between an insurer and a physician or health

care provider must provide that the termination of the physician's or provider's participation in a preferred provider benefit plan, except for reason of medical competence or professional behavior, does not:

(1) release the physician or health care provider from the generally recognized obligation to:

(A) treat an insured whom the physician or provider is currently treating; and

(B) cooperate in arranging for appropriate referrals;

or

(2) release the insurer from the obligation to reimburse the physician or health care provider or, if applicable, the insured, at the same preferred provider rate if, at the time a physician's or provider's participation is terminated, an insured whom the physician or provider is currently treating has special circumstances in accordance with the dictates of medical prudence.

(c) The treating physician or health care provider shall identify a special circumstance. The treating physician or health care provider shall:

(1) request that the insured be permitted to continue treatment under the physician's or provider's care; and

(2) agree not to seek payment from the insured of any amount for which the insured would not be responsible if the physician or provider were still a preferred provider.

Added by Acts 2003, 78th Leg., ch. 1274, Sec. 3, eff. April 1, 2005.

Sec. 1301.154. OBLIGATION FOR CONTINUITY OF CARE OF INSURER.

(a) Except as provided by Subsection (b), Sections 1301.152 and 1301.153 do not extend an insurer's obligation to reimburse the terminated physician or provider or, if applicable, the insured at the preferred provider level of coverage for ongoing treatment of an insured after:

(1) the 90th day after the effective date of the termination; or

(2) if the insured has been diagnosed as having a terminal illness at the time of the termination, the expiration of the nine-month period after the effective date of the termination.

(b) If an insured is past the 24th week of pregnancy at the time of termination, an insurer's obligation to reimburse, at the

preferred provider level of coverage, the physician or provider or, if applicable, the insured, extends through delivery of the child, immediate postpartum care, and the follow-up checkup within the six-week period after delivery.

not, because of the contract, considered to have entered into a conspiracy in restraint of trade in violation of Chapter 15, Business & Commerce Code.

**SUBCHAPTER C. GENERAL POWERS AND DUTIES OF WORKERS' COMPENSATION
HEALTH CARE NETWORKS**

Sec. 1305.101. PROVIDING OR ARRANGING FOR HEALTH CARE. (a) Except for emergencies and out-of-network referrals, a network shall provide or arrange for health care services only through providers or provider groups that are under contract with or are employed by the network.

(b) A network doctor may not serve as a designated doctor or perform a required medical examination, as those terms are used under the Texas Workers' Compensation Act, for an employee receiving medical care through a network with which the doctor contracts or is employed.

(c) Notwithstanding any other provision of this chapter, prescription medication or services, as defined by Section 401.011(19)(E), Labor Code, may not, directly or through a contract, be delivered through a workers' compensation health care network. Prescription medication and services shall be reimbursed as provided by Section 408.0281, Labor Code, other provisions of the Texas Workers' Compensation Act, and applicable rules of the commissioner of workers' compensation.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Acts 2011, 82nd Leg., R.S., Ch. 705 (H.B. 528), Sec. 4, eff. June 17, 2011.

Sec. 1305.102. MANAGEMENT CONTRACTS. (a) A network may not enter into a contract with another entity for management services unless the proposed contract is first filed with the department and approved by the commissioner.

(b) The commissioner shall approve or disapprove the contract not later than the 30th day after the date the contract is filed, or within a reasonable extended period that the commissioner specifies by notice given within the 30-day period.

(c) The contract must state that:

(1) the contract may not be canceled without cause without at least 90 days' prior written notice;

(2) notice of any cancellation must be sent simultaneously to the commissioner by certified mail; and

(3) the network is responsible for ensuring that all functions delegated by the contract are performed in accordance with applicable statutes and rules, subject to the carrier's oversight and monitoring of the network's performance.

(d) The management contractor proposing to contract shall provide to the commissioner information sufficient to allow the commissioner to determine the competence, fitness, or reputation of each of the contractor's officers and directors or other person having control of the contractor, including criminal history information demonstrating that none of those individuals has been convicted of a felony involving moral turpitude or breach of fiduciary duty.

(e) The commissioner shall disapprove the proposed contract if the commissioner determines that the contract authorizes a person who is not sufficiently trustworthy, competent, experienced, and free from conflict of interest to manage the network with due regard for the interests of employers, employees, creditors, or the public.

(f) The commissioner may not approve a proposed management contract unless the management contractor has in force in the management contractor's own name a fidelity bond on the contractor's officers and employees in the amount of \$250,000 or a greater amount prescribed by the commissioner.

(g) The fidelity bond must be issued by an insurer authorized to engage in business in this state and must be filed with the department. If the commissioner determines that a fidelity bond is not available from an insurer authorized to engage in business in this state, the management contractor may obtain a fidelity bond

procured by a surplus lines agent under Chapter 981.

(h) The fidelity bond must obligate the surety to pay any loss of money or other property or damage that the network sustains because of an act of fraud or dishonesty by an employee or officer of the management contractor during the period that the management contract is in effect.

(i) In lieu of a fidelity bond, and at the commissioner's discretion, the management contractor may deposit with the comptroller cash or readily marketable liquid securities acceptable to the commissioner. The deposit must be maintained in the amount of, and is subject to the same conditions required for, a fidelity bond under this section.

(j) A management contract approved by the commissioner under this section may not be assigned to any other entity.

(k) A management contract filed with the department under this section is confidential and is not subject to disclosure as public information under Chapter 552, Government Code.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Sec. 1305.103. TREATING DOCTOR; REFERRALS. (a) A network shall determine the specialty or specialties of doctors who may serve as treating doctors.

(b) For each injury, an injured employee shall select a treating doctor from the list of all treating doctors under contract with the network in that service area.

(c) An employee who lives within the service area of a network and who is being treated by a non-network provider for an injury that occurred before the employer's insurance carrier established or contracted with the network, shall select a network treating doctor on notification by the carrier that health care services are being provided through the network. The carrier shall provide to the employee all information required by Section 1305.451. If the employee fails to select a treating doctor on or before the 14th day after the date of receipt of the information required by Section 1305.451, the network may assign the employee a network treating doctor. An issue regarding whether a carrier properly provided an employee the information required by this subsection may be resolved

using the process for adjudication of disputes under Chapter 410, Labor Code, as used by the department's division of workers' compensation.

(d) Each network shall, by contract, require treating doctors to provide, at a minimum, the functions and services for injured employees described by this section.

(e) A treating doctor shall provide health care to the employee for the employee's compensable injury and shall make referrals to other network providers, or request referrals to out-of-network providers if medically necessary services are not available within the network. Referrals to out-of-network providers must be approved by the network. The network shall approve a referral to an out-of-network provider not later than the seventh day after the date on which the referral is requested, or sooner if circumstances and the condition of the employee require expedited approval. If the network denies the referral request, the employee may appeal the decision through the network's complaint process under Subchapter I.

(f) The treating doctor shall participate in the medical case management process as required by the network, including participation in return-to-work planning.

Sec. 1305.104. SELECTION OF TREATING DOCTOR. (a) An injured employee is entitled to the employee's initial choice of a treating doctor from the list provided by the network of all treating doctors under contract with the network who provide services within the service area in which the injured employee lives. The following does not constitute an initial choice of treating doctor:

- (1) a doctor salaried by the employer;
- (2) a doctor providing emergency care; or
- (3) any doctor who provides care before the employee is enrolled in the network, except for a doctor selected under Section 1305.105.

(b) An employee who is dissatisfied with the initial choice of

a treating doctor is entitled to select an alternate treating doctor from the network's list of treating doctors who provide services within the service area in which the injured employee lives by notifying the network in the manner prescribed by the network. The network may not deny a selection of an alternate treating doctor.

(c) An employee who is dissatisfied with an alternate treating doctor must obtain authorization from the network to select any subsequent treating doctor. The network shall establish procedures and criteria to be used in authorizing an employee to select subsequent treating doctors. The criteria must include, at a minimum, whether:

(1) treatment by the current treating doctor is medically inappropriate;

(2) the employee is receiving appropriate medical care to reach maximum medical improvement or medical care in compliance with the network's treatment guidelines; and

(3) a conflict exists between the employee and the current treating doctor to the extent that the doctor-patient relationship is jeopardized or impaired.

(d) Denial of a request for any subsequent treating doctor is subject to the appeal process for a complaint filed under Subchapter I.

(e) For purposes of this section, the following do not constitute the selection of an alternate or any subsequent treating doctor:

(1) a referral made by the treating doctor, including a referral for a second or subsequent opinion;

(2) the selection of a treating doctor because the original treating doctor:

(A) dies;

(B) retires; or

(C) leaves the network; or

(3) a change of treating doctor required because of a change of address by the employee to a location outside the service area distance requirements, as described by Section 1305.302(g).

(f) A network shall provide that an injured employee with a chronic, life-threatening injury or chronic pain related to a compensable injury may apply to the network's medical director to use a nonprimary care physician specialist that is in the network as the injured employee's treating doctor.

(g) An application under Subsection (f) must:

(1) include information specified by the network, including certification of the medical need provided by the nonprimary care physician specialist; and

(2) be signed by the injured employee and the nonprimary care physician specialist interested in serving as the injured employee's treating doctor.

(h) To be eligible to serve as the injured employee's treating doctor, a physician specialist must agree to accept the responsibility to coordinate all of the injured employee's health care needs.

(i) If a network denies a request under Subsection (f), the injured employee may appeal the decision through the network's established complaint resolution process under Subchapter I.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Sec. 1305.105. TREATMENT BY A PRIMARY CARE PHYSICIAN OR PROVIDER UNDER CHAPTER 843; RECOMMENDATIONS REGARDING USE OF PREFERRED PROVIDER PLAN. (a) Notwithstanding any other provision of this chapter, an injured employee required to receive health care services within a network may select as the employee's treating doctor a doctor who the employee selected, prior to injury, as the employee's primary care physician or provider under Chapter 843, as the terms "physician" and "provider" are defined in that chapter.

(b) A doctor serving as an employee's treating doctor under Subsection (a) must agree to abide by the terms of the network's contract and comply with the provisions of this subchapter and Subchapters D and G. Services provided by such a doctor are considered to be network services and are subject to Subchapters H and I.

(c) Any change of doctor requested by an employee being treated by a doctor under Subsection (a) must be to a network doctor and is subject to the requirements of this chapter.

(d) In studying the adequacy of networks under this chapter, the department shall offer recommendations to the 80th Legislature regarding whether to make statutory changes to allow treatment by non-network providers through a preferred provider benefit plan, as

defined by Chapter 1301.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Sec. 1305.106. PAYMENT OF HEALTH CARE PROVIDER.

Notwithstanding any other provision of this chapter, an insurance carrier shall pay, reduce, deny, or determine to audit, a claim for services provided through a workers' compensation health care network only in accordance with Section 408.027, Labor Code.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Sec. 1305.107. TELEPHONE ACCESS. (a) Each network shall have appropriate personnel reasonably available through a toll-free telephone service at least 40 hours per week during normal business hours, in both time zones in this state if applicable, to discuss an employee's care and to allow response to requests for information, including information regarding adverse determinations.

(b) A network must have a telephone system capable of accepting or recording or providing instructions to incoming calls during other than normal business hours. The network shall respond to those calls not later than two business days after the date:

- (1) the call was received by the network; or
- (2) the details necessary to respond were received by the network from the caller.

SUBCHAPTER D. CONTRACTING PROVISIONS

Sec. 1305.151. TRANSFER OF RISK. A contract under this subchapter may not involve a transfer of risk.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Sec. 1305.152. NETWORK CONTRACTS WITH PROVIDERS. (a) A network shall enter into a written contract with each provider or group of providers that participates in the network. A provider contract under this section is confidential and is not subject to disclosure as public information under Chapter 552, Government Code.

(b) A network is not required to accept an application for participation in the network from a health care provider who otherwise meets the requirements specified in this chapter for participation if the network determines that the network has contracted with a sufficient number of qualified health care providers.

(c) Provider contracts and subcontracts must include, at a minimum, the following provisions:

(1) a hold-harmless clause stating that the network and the network's contracted providers are prohibited from billing or attempting to collect any amounts from employees for health care services under any circumstances, including the insolvency of the insurance carrier or the network, except as provided by Section 1305.451(b)(6);

(2) a statement that the provider agrees to follow treatment guidelines adopted by the network under Section 1305.304, as applicable to an employee's injury;

(3) a continuity of treatment clause that states that if a provider leaves the network, the insurance carrier or network is obligated to continue to reimburse the provider for a period not to exceed 90 days at the contracted rate for care of an employee with a life-threatening condition or an acute condition for which disruption of care would harm the employee;

(4) a clause regarding appeal by the provider of termination of provider status and applicable written notification to employees regarding such a termination, including provisions determined by the commissioner; and

(5) any other provisions required by the commissioner by rule.

(d) Continued care as described by Subsection (c)(3) must be requested by a provider. A dispute involving continuity of care is subject to the dispute resolution process under Subchapter I.

(e) An insurance carrier and a network may not use any financial incentive or make a payment to a health care provider that acts directly or indirectly as an inducement to limit medically

necessary services.

Added by Acts 2005, 79th Leg., Ch. 265 (H.B. 7), Sec. 4.02, eff. September 1, 2005.

Sec. 1305.153. PROVIDER REIMBURSEMENT. (a) The amount of reimbursement for services provided by a network provider is determined by the contract between the network and the provider or group of providers.

(b) If an insurance carrier or network has preauthorized a health care service, the insurance carrier or network or the network's agent or other representative may not deny payment to a provider except for reasons other than medical necessity.

(c) Out-of-network providers who provide care as described by Section 1305.006 shall be reimbursed as provided by the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation.

(d) Subject to Subsection (a), billing by, and reimbursement to, contracted and out-of-network providers is subject to the requirements of the Texas Workers' Compensation Act and applicable rules of the commissioner of workers' compensation, as consistent with this chapter. This subsection may not be construed to require application of rules of the commissioner of workers' compensation regarding reimbursement if application of those rules would negate reimbursement amounts negotiated by the network.

(e) An insurance carrier shall notify in writing a network provider if the carrier contests the compensability of the injury for which the provider provides health care services. A carrier may not deny payment for health care services provided by a network provider before that notification on the grounds that the injury was not compensable. Payment for medically necessary health care services provided prior to written notification of a compensability denial is not subject to denial, recoupment, or refund from a network provider based on compensability. If the insurance carrier successfully contests compensability, the carrier is liable for health care provided before issuance of the notification required by this subsection, up to a maximum of \$7,000.

(f) If, for the purposes of credentialing and contracting with health care providers on behalf of the certified network, a person is

serving as both a management contractor under Section 1305.102 or a third party to which the network delegates a function and as an agent of the health care provider, the contract between the management contractor or third party and the health care provider must specify:

(1) the certified network's contract rate for health care services; and

(2) the amount of reimbursement the health care provider will be paid after the health care provider agent's fee for providing administrative services is applied.

(g) If a management contractor or third party to which the network delegates a function is serving as an agent for health care providers in the certified network, the management contractor or third party must disclose that relationship in its contract with the certified network.

(h) A contract described by Subsection (f), or a contract between a management contractor or third party to which the network delegates a function and a certified network, must comply with the requirements of this chapter.

(i) If a contract described by Subsection (f) complies with the requirements of this chapter, the health care provider shall be reimbursed in accordance with the terms of the contract. If a contract described by Subsection (f) does not comply with the requirements of this chapter, the health care provider shall be reimbursed in accordance with the certified network's contracted rate.

(j) A certified network, management contractor, or third party to which the network delegates a function may not require a health care provider, as a condition for contracting with the certified network, to utilize as a health care provider agent the management contractor or the third party.

Sec. 1305.154. NETWORK-CARRIER CONTRACTS. (a) Except for emergencies and out-of-network referrals, a network may provide

health care services to employees only through a written contract with an insurance carrier. A network-carrier contract under this section is confidential and is not subject to disclosure as public information under Chapter 552, Government Code.

(b) A carrier and a network may negotiate the functions to be provided by the network, except that the network shall contract with providers for the provision of health care, and shall perform functions related to the operation of a quality improvement program and credentialing in accordance with the requirements of this chapter.

(c) A network's contract with a carrier must include:

(1) a description of the functions that the carrier delegates to the network, consistent with the requirements of Subsection (b), and the reporting requirements for each function;

(2) a statement that the network and any management contractor or third party to which the network delegates a function will perform all delegated functions in full compliance with all requirements of this chapter, the Texas Workers' Compensation Act, and rules of the commissioner or the commissioner of workers' compensation;

(3) a provision that the contract:

(A) may not be terminated without cause by either party without 90 days' prior written notice; and

(B) must be terminated immediately if cause exists;

(4) a hold-harmless provision stating that the network, a management contractor, a third party to which the network delegates a function, and the network's contracted providers are prohibited from billing or attempting to collect any amounts from employees for health care services under any circumstances, including the insolvency of the carrier or the network, except as provided by Section 1305.451(b)(6);

(5) a statement that the carrier retains ultimate responsibility for ensuring that all delegated functions and all management contractor functions are performed in accordance with applicable statutes and rules and that the contract may not be construed to limit in any way the carrier's responsibility, including financial responsibility, to comply with all statutory and regulatory requirements;

(6) a statement that the network's role is to provide the services described under Subsection (b) as well as any other services

or functions delegated by the carrier, including functions delegated to a management contractor, subject to the carrier's oversight and monitoring of the network's performance;

(7) a requirement that the network provide the carrier, at least monthly and in a form usable for audit purposes, the data necessary for the carrier to comply with reporting requirements of the department and the division of workers' compensation with respect to any services provided under the contract, as determined by commissioner rules;

(8) a requirement that the carrier, the network, any management contractor, and any third party to which the network delegates a function comply with the data reporting requirements of the Texas Workers' Compensation Act and rules of the commissioner of workers' compensation;

(9) a contingency plan under which the carrier would, in the event of termination of the contract or a failure to perform, reassume one or more functions of the network under the contract, including functions related to:

(A) payments to providers and notification to employees;

(B) quality of care;

(C) utilization review; and

(D) continuity of care, including a plan for identifying and transitioning employees to new providers;

(10) a provision that requires that any agreement by which the network delegates any function to a management contractor or any third party be in writing, and that such an agreement require the delegated third party or management contractor to be subject to all the requirements of this subchapter;

(11) a provision that requires the network to provide to the department the license number of a management contractor or any delegated third party who performs a function that requires a license as a utilization review agent under Chapter 4201 or any other license under this code or another insurance law of this state;

(12) an acknowledgment that:

(A) any management contractor or third party to whom the network delegates a function must perform in compliance with this chapter and other applicable statutes and rules, and that the management contractor or third party is subject to the carrier's and the network's oversight and monitoring of its performance; and

(B) if the management contractor or the third party fails to meet monitoring standards established to ensure that functions delegated to the management contractor or the third party under the delegation contract are in full compliance with all statutory and regulatory requirements, the carrier or the network may cancel the delegation of one or more delegated functions;

(13) a requirement that the network and any management contractor or third party to which the network delegates a function provide all necessary information to allow the carrier to provide information to employees as required by Section 1305.451; and

(14) a provision that requires the network, in contracting with a third party directly or through another third party, to require the third party to permit the commissioner to examine at any time any information the commissioner believes is relevant to the third party's financial condition or the ability of the network to meet the network's responsibilities in connection with any function the third party performs or has been delegated.

(a) An insurance carrier or administrator may not reimburse a doctor or other health care provider, an institutional provider, or an organization of doctors and health care providers on a discounted fee basis for services that are provided to an injured employee unless:

(1) the carrier or administrator has contracted with either:

(A) the doctor or other health care provider, institutional provider, or organization of doctors and health care providers; or

(B) a network that has contracted with the doctor or

other health care provider, institutional provider, or organization of doctors and health care providers; and

(2) the doctor or other health care provider, institutional provider, or organization of doctors and health care providers has agreed to the contract and has agreed to provide health care services under the terms of the contract.

(b) A party to a carrier-network contract may not sell, lease, or otherwise transfer information regarding the payment or reimbursement terms of the contract without the express authority of and prior adequate notification to the other contracting parties. (1) notify the network in writing of those findings;

(2) request in writing a written explanation, with documentation supporting the explanation, of:

(A) the network's apparent noncompliance with the contract; or

(B) the existence of the condition that apparently renders the continuance of the network's business hazardous to employees; and

(b) A network shall respond to a request from a carrier under Subsection (a) in writing not later than the 30th day after the date the request is received.

(c) The carrier shall cooperate with the network to correct any failure by the network to comply with any regulatory requirement of the department.

(d) On receipt of a notice under Subsection (a), or if a complaint is filed with the department, on receipt of that complaint, the commissioner or the commissioner's designated representative shall examine the matters contained in the notice or complaint as well as any other matter relating to the financial solvency of the network or the network's ability to meet its responsibilities in connection with any function performed by the network or delegated to the network by the carrier.

(e) Except as provided by this subsection, on completion of the examination, the department shall report to the network and the carrier the results of the examination and any action the department determines is necessary to ensure that the carrier meets its responsibilities under this chapter, this code, and rules adopted by the commissioner, and that the network can meet the network's responsibilities in connection with any function delegated by the carrier or performed by the network, any management contractor, or any third party to which the network delegates a function. The department may not report to the carrier any information regarding fee schedules, prices, cost of care, or other information not relevant to the monitoring plan.

(f) The network and the carrier shall respond to the department's report and submit a corrective plan to the department not later than the 30th day after the date of receipt of the report.

(g) The commissioner may order a carrier to take any action the commissioner determines is necessary to ensure that the carrier can provide all health care services under the Texas Workers' Compensation Act, including:

(2) temporarily or permanently ceasing coverage of employees through the network;

(3) complying with the contingency plan required by Section 1305.154(c)(9), including permitting an injured employee to select a treating doctor in the manner provided by Section 408.022, Labor Code; or

The procedures must include a review by a provider who has not previously reviewed the case and who is of the same or a similar specialty as a provider who typically manages the condition, procedure, or treatment under review. The period during which that reconsideration must be completed shall be based on the medical or clinical immediacy of the condition, procedure, or treatment, but may not exceed one calendar day from the date of receipt of all information necessary to complete the reconsideration.

(b) A health benefit plan must include coverage for post-acute transition services, community reintegration services, including outpatient day treatment services, or other post-acute care treatment services necessary as a result of and related to an acquired brain injury.

(c) A health benefit plan may not include, in any annual or lifetime limitation on the number of days of acute care treatment covered under the plan, any post-acute care treatment covered under the plan.

(c-1) A health benefit plan may not limit the number of days of covered post-acute care, including any therapy or treatment or rehabilitation, testing, remediation, or other service described by Subsections (a) and (b), or the number of days of covered inpatient care to the extent that the treatment or care is determined to be medically necessary as a result of and related to an acquired brain injury. The insured's or enrollee's treating physician shall determine whether treatment or care is medically necessary for purposes of this subsection in consultation with the treatment or care provider, the insured or enrollee, and, if appropriate, members of the insured's or enrollee's family. The determination is subject to review under Section 1352.006.

(d) Except as provided by Subsection (c) or (c-1), a health benefit plan must include the same amount limitations, deductibles, copayments, and coinsurance factors for coverage required under this chapter as applicable to other medical conditions for which coverage is provided under the health benefit plan.

(e) To ensure that appropriate post-acute care treatment is provided, a health benefit plan must include coverage for reasonable expenses related to periodic reevaluation of the care of an individual covered under the plan who:

- (1) has incurred an acquired brain injury;
- (2) has been unresponsive to treatment; and
- (3) becomes responsive to treatment at a later date.

(f) A determination of whether expenses, as described by

Subsection (e), are reasonable may include consideration of factors including:

- (1) cost;
- (2) the time that has expired since the previous evaluation;
- (3) any difference in the expertise of the physician or practitioner performing the evaluation;
- (4) changes in technology; and
- (5) advances in medicine.

(g) The commissioner shall adopt rules as necessary to implement this chapter.

(h) This section does not apply to a small employer health benefit plan.

Sec. 1352.0035. REQUIRED COVERAGES--SMALL EMPLOYER HEALTH BENEFIT PLANS. (a) A small employer health benefit plan may not exclude coverage for cognitive rehabilitation therapy, cognitive communication therapy, neurocognitive therapy and rehabilitation, neurobehavioral, neurophysiological, neuropsychological, or psychophysiological testing or treatment, neurofeedback therapy, remediation, post-acute transition services, or community reintegration services necessary as a result of and related to an acquired brain injury.

(b) Coverage required under this section may be subject to deductibles, copayments, coinsurance, or annual or maximum amount limits that are consistent with the deductibles, copayments, coinsurance, or annual or maximum amount limits applicable to other medical conditions for which coverage is provided under the small employer health benefit plan.

(a) In this section, "preauthorization" means the provision of a reliable representation to a physician or health care provider of whether a health benefit plan issuer will pay the physician or provider for proposed medical or health care services if the physician or provider provides those services to the patient for whom the services are proposed. The term includes precertification, certification, recertification, or any other activity that involves providing a reliable representation by the issuer to a physician or health care provider.

(b) The commissioner by rule shall require a health benefit plan issuer to provide adequate training to personnel responsible for preauthorization of coverage or utilization review under the plan. The purpose of the training is to prevent denial of coverage in violation of Section 1352.003 and to avoid confusion of medical benefits with mental health benefits. The commissioner shall prescribe by rule the basic requirements for the training described by this subsection.

(b) The commissioner shall prescribe by rule the specific contents and wording of the notice required under this section.

(c) The notice required under this section must include:

(1) a description of the benefits listed under Section 1352.003;

(2) a statement that the fact that an acquired brain injury does not result in hospitalization or receipt of a specific treatment or service described by Section 1352.003 for acute care treatment does not affect the right of the insured or enrollee to receive benefits described by Section 1352.003 commensurate with the condition of the insured or enrollee; and

(3) a statement of the fact that benefits described by Section 1352.003 may be provided in a facility listed in Section 1352.007.

Added by Acts 2007, 80th Leg., R.S., Ch. 877 (H.B. 1919), Sec. 5, eff. September 1, 2007.

(b) Notwithstanding Chapter 4201 or any other law relating to the determination of medical necessity under this code, a health benefit plan shall respond to a person requesting utilization review or appealing for an extension of coverage based on an allegation of medical necessity not later than three business days after the date on which the person makes the request or submits the appeal. The person must make the request or submit the appeal in the manner prescribed by the terms of the plan's health insurance policy or agreement, contract, evidence of coverage, or similar coverage document. To comply with the requirements of this section, the health benefit plan issuer must respond through a direct telephone contact made by a representative of the issuer. This subsection does not apply to a small employer health benefit plan.

Added by Acts 2007, 80th Leg., R.S., Ch. 877 (H.B. 1919), Sec. 5, eff. September 1, 2007.

Sec. 1352.007. TREATMENT FACILITIES. (a) A health benefit plan may not deny coverage under this chapter based solely on the fact that the treatment or services are provided at a facility other than a hospital. Treatment for an acquired brain injury may be provided under the coverage required by this chapter, as appropriate, at a facility at which appropriate services may be provided, including:

(1) a hospital regulated under Chapter 241, Health and Safety Code, including an acute or post-acute rehabilitation hospital; and

(2) an assisted living facility regulated under Chapter 247, Health and Safety Code.

(b) This section does not apply to a small employer health benefit plan.

(c) The issuer of a health benefit plan, including a preferred provider benefit plan or health maintenance organization plan, that contracts with or approves admission to a service provider under this chapter may not, solely because a facility is licensed by this state as an assisted living facility, refuse to contract with or approve admission to that facility to provide services that are:

(1) required under this chapter;

(2) within the scope of the license of an assisted living facility; and

(3) within the scope of the services provided under a CARF-accredited rehabilitation program for brain injury or another nationally recognized accredited rehabilitation program for brain injury.

(d) The issuer of a health benefit plan that requires or encourages insureds or enrollees to use health care providers designated by the plan shall ensure that the services required by this chapter that are within the scope of the license of an assisted living facility and that may be provided under a program described by Subsection (c)(3) are made available and accessible to the insureds or enrollees at an adequate number of assisted living facilities.

(e) A health benefit plan may not treat care provided in accordance with this chapter as custodial care solely because it is

provided by an assisted living facility if the facility holds a CARF accreditation or other nationally recognized accreditation for a rehabilitation program for brain injury.

(f) To ensure the health and safety of insureds and enrollees, the commissioner may require that a licensed assisted living facility that provides covered post-acute care other than custodial care under this chapter to an insured or enrollee with acquired brain injury hold a CARF accreditation or other nationally recognized accreditation for a rehabilitation program for brain injury.

- (3) provide a financial incentive to a physician to issue an immunization or vaccination protocol; or
